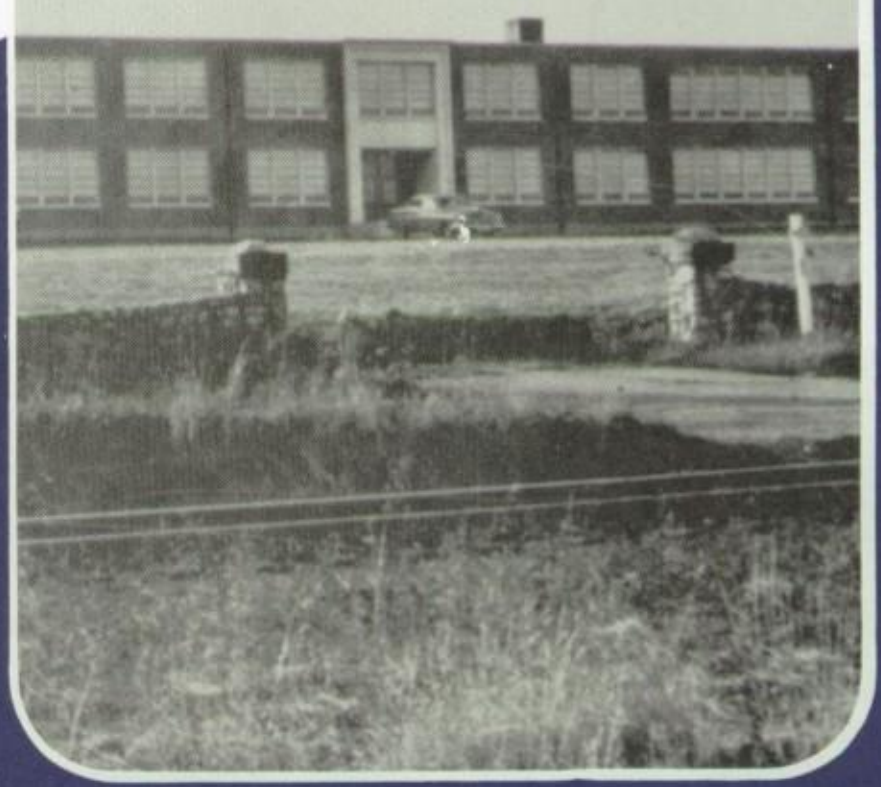
PRIDE IN THE PAST;

In connection with the Bicentennial, General '76 appropiately chooses the theme — Pride in the Past; Living in the Present. The objective of the theme was to link the past with the present and gain something in the process. Buried history was dug up in order to acquaint the student body with William Campbell's past. For it is a known fact that in order to be more appreciative of something there must be some knowledge about it. On the other hand, it wasn't an attempt to present a dull history book filled with useless dates, but is intended to hit on the highlights which makes the foundations of the school today.

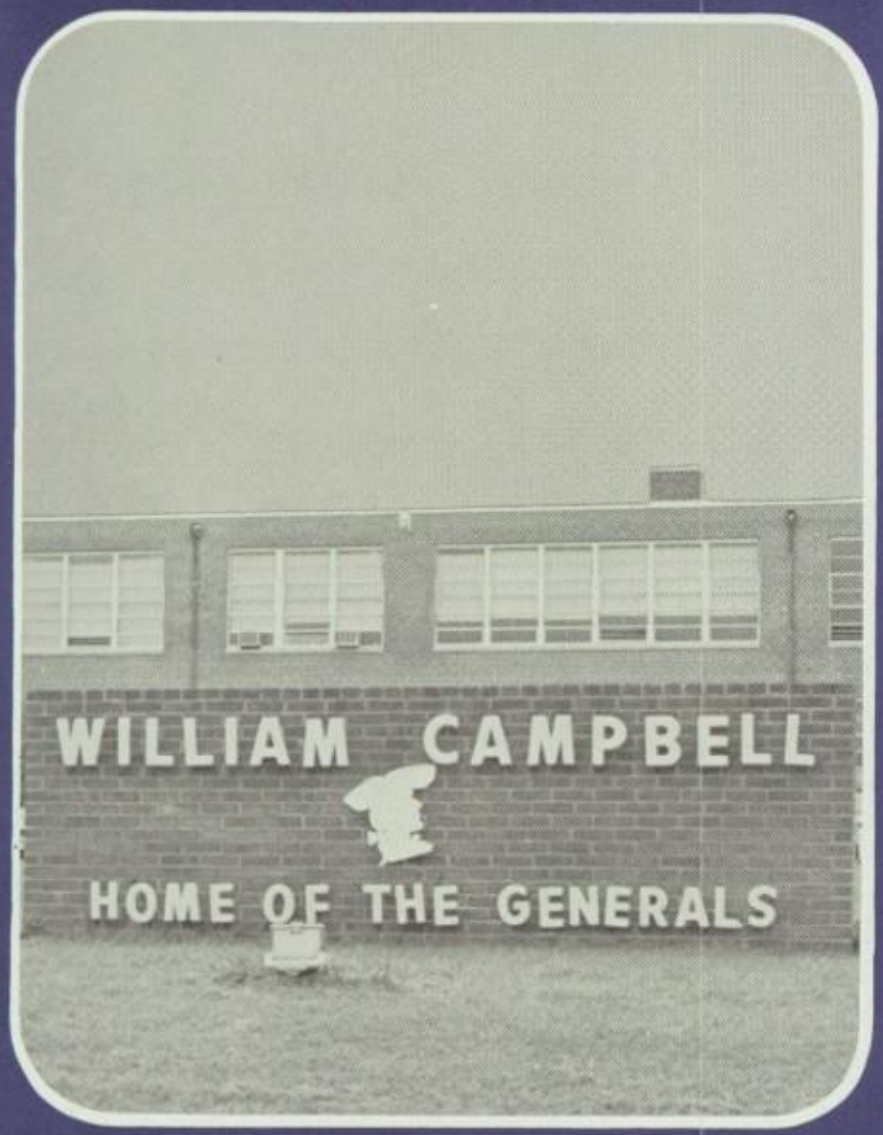
It all begun in 1951 when William Campbell was officially opened. WC has changed considerably since it first opened, take for instance, the building structure which has expanded. In 1951 the main building consisted of 9 regular classrooms, 2 science labs, a typing room, art room, music room, projection room, home ec. dept., gym, library, cafeteria and offices.



This is the way the school looked in 1953.

LIVING THE PRESENT

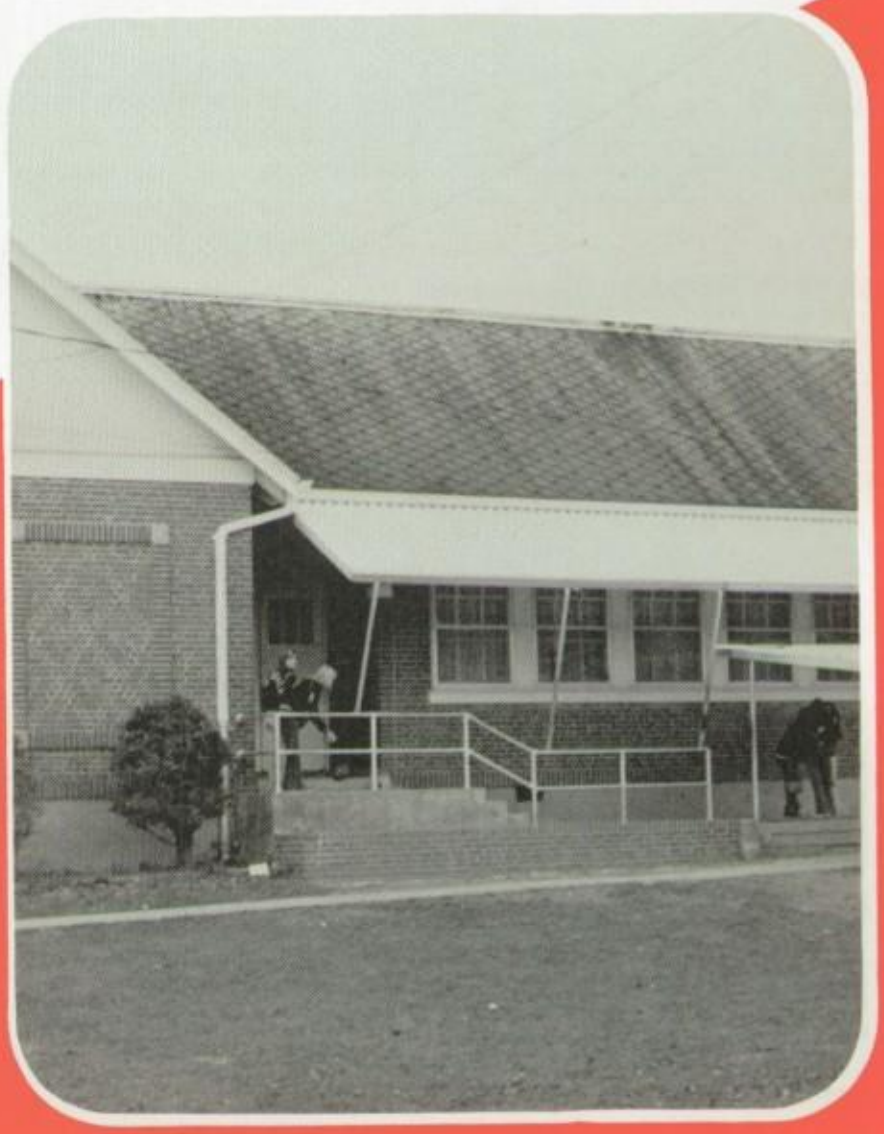
William Campbell was named in honor of a heroic general during the Revolutionary War.



The Class of 1969 dedicated the brick wall which is found on the school's front lawn. The original letters were torn off by vandals, however new letters were furnished by the Journalism Class of 1975.

This scene is the back view of the main building during 1961.

The structures have changed over the years. Internal and external modifications added also. These changes have made WC what it is today.



The coverings leading to the annex were added in 1969 and the brick flower boxes were added in 1975.

The annex auditorium was converted into a library in 1973; complete with air conditioning, wall to wall carpeting, and two balconies.

BAND CELEBRATES

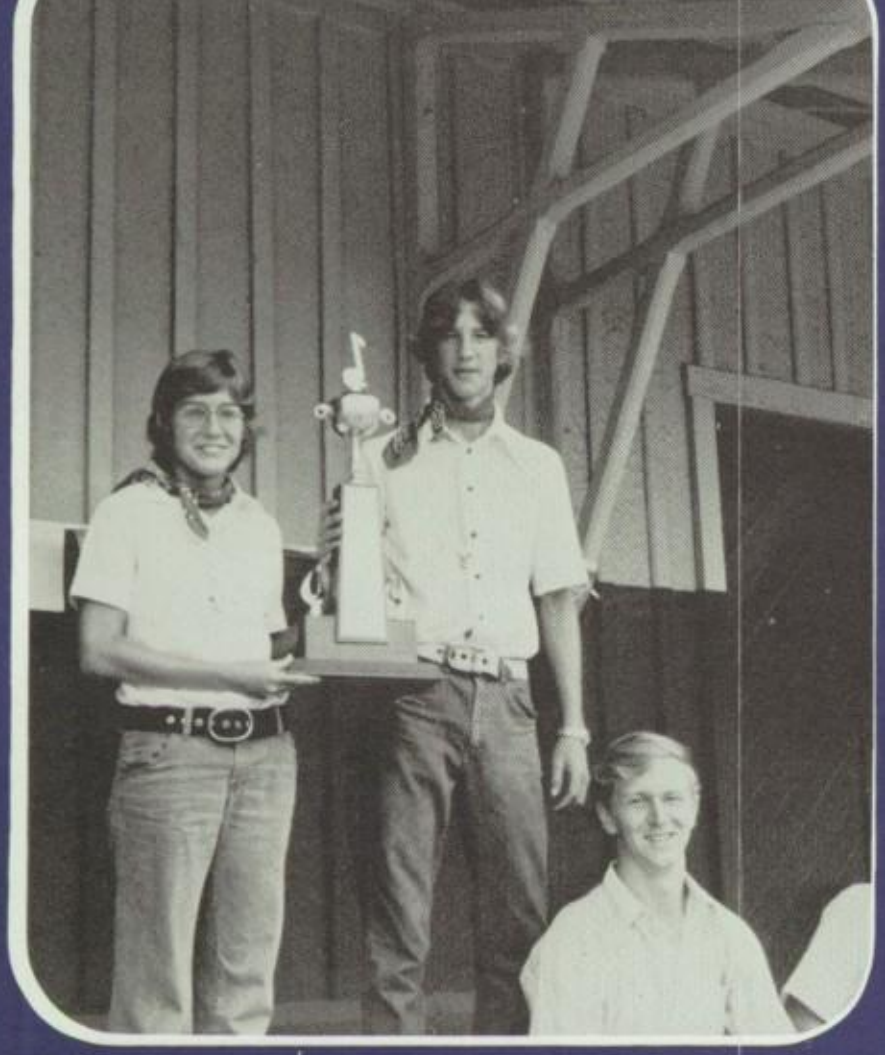
In some form or fashion, practically everything relates to the Bicentennial. WC is fortunate to be in a community where many historical events happened. Patrick Henry Shine is about 12 miles from the school, and Brookneal, which is about 6 miles, was one of the first tobacco market towns.

WC's band was one of the three Campbell County bands chosen to wear the Bicentennial's colors. With the uniforms costing just under $14,000.00, they were close replicas of the revolutionary uniform worn by General William Campbell.

Performing at the Homecoming's half time show, the Marching Generals go bicentennial with the theme "Americana."

THE BICENTENNIAL

Concentrating on making the Homecoming Halftime Show a success, Robert Clowdis, Beth Roakes, Bobby Adams and Debra Crabtree play patriotic songs.



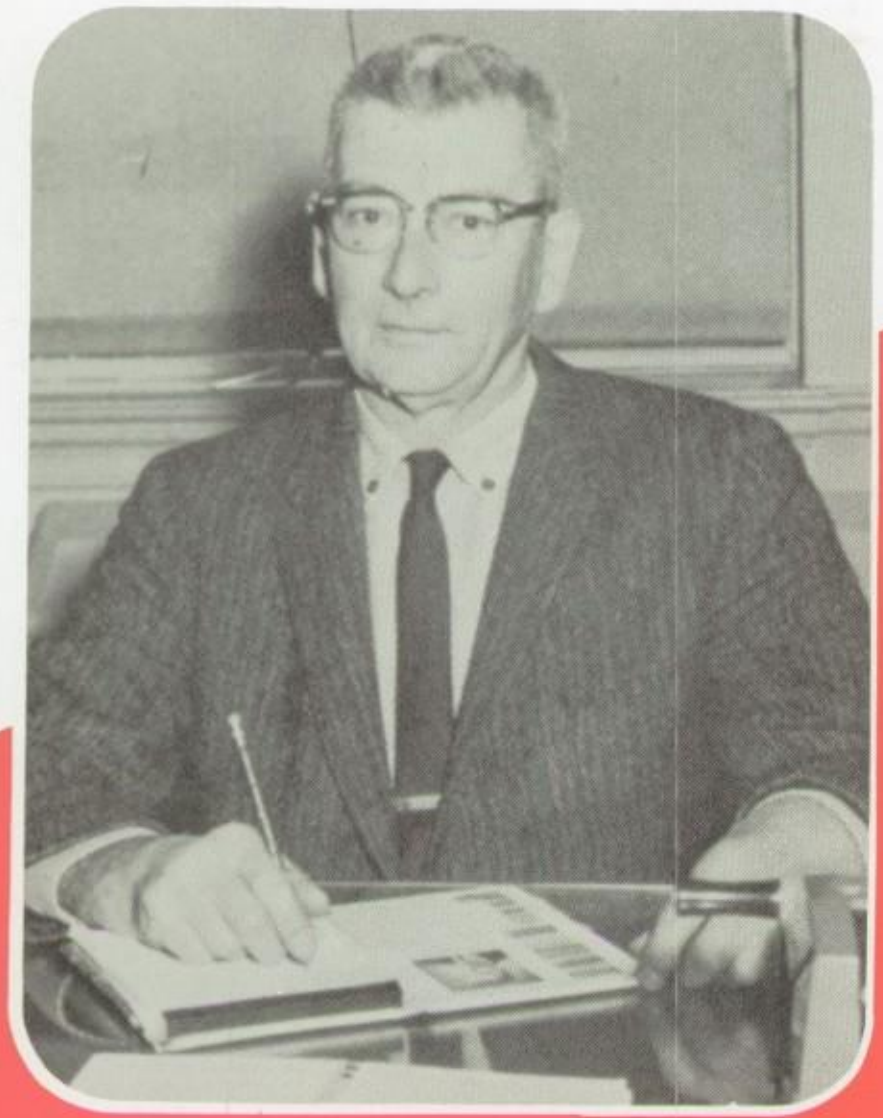
Celebrating the 175th anniversary of Brookneal Tobacco Festival, Cindy Foster and Eddie Hughes accepts the trophy for Band Host, while Ricky Ward looks on.

Our librarian, Mrs. Carolyn Lusardi participates in the Bicentennial festivies in Brookneal.

Over the span of 25 years, WC has seen only 3 principals. The school's first principal was Mr. James E. Strickler who held the position for fifteen consecutive years. The second principal was Mr. Dennis B. Riddle who was appointed in 1966 and occupied that office until 1975. Recently Mr. James Peak holds that position. Although he has been here for only one year; there has been many changes made within the school.

The Band Building has not always been used as such. During the different phases of its existence it has been used for Home Economics, Agriculture, and storage.

THE BIG THREE



When WC first opened, Mr. James Strickler was appointed principal.

Once a vocational agriculture teacher, Mr. Dennis Riddle was principal for eight years.

After a busy day at school, Mr. James Peak takes a little time to relax and enjoy a joke that Mr. Clarence Vaughn tells.

what's new?

What's New?

Changes come each year; with each year comes new faces. Among the faculty there were a few new teachers, which included Mr. Barry Rice, Mrs. Clara Staton, and Mr. David Moore. The biggest change of all was the new principal Mr. James Peak.

A lot of equipment was purchased for the sports area. A whirl pool bath and lockers were installed in the field house, and a storage room placed near it.

The women's lib movement was really picking up at William Campbell. There were two girls among the student bus drivers. Out of the 30 members in KVG, one was a girl. Finally to top it off, one girl participated in the AAU Competition and placed third in her age group in the State Junior Olympics.

The Quarter system was quite startling at first. Some students like it, while others didn't. The students recognized one of the advantages of the system, if a student got stuck with a teacher he detested, all he had to do was work hard and pass the course, of course, there was a chance of getting that teacher the next quarter. The Quarter system was only in English and Social Studies.

For the first time in the history of our school, there are two girl students that substitute for the regular bus drivers. They are Debbie McKinney and Deborah Cunningham.

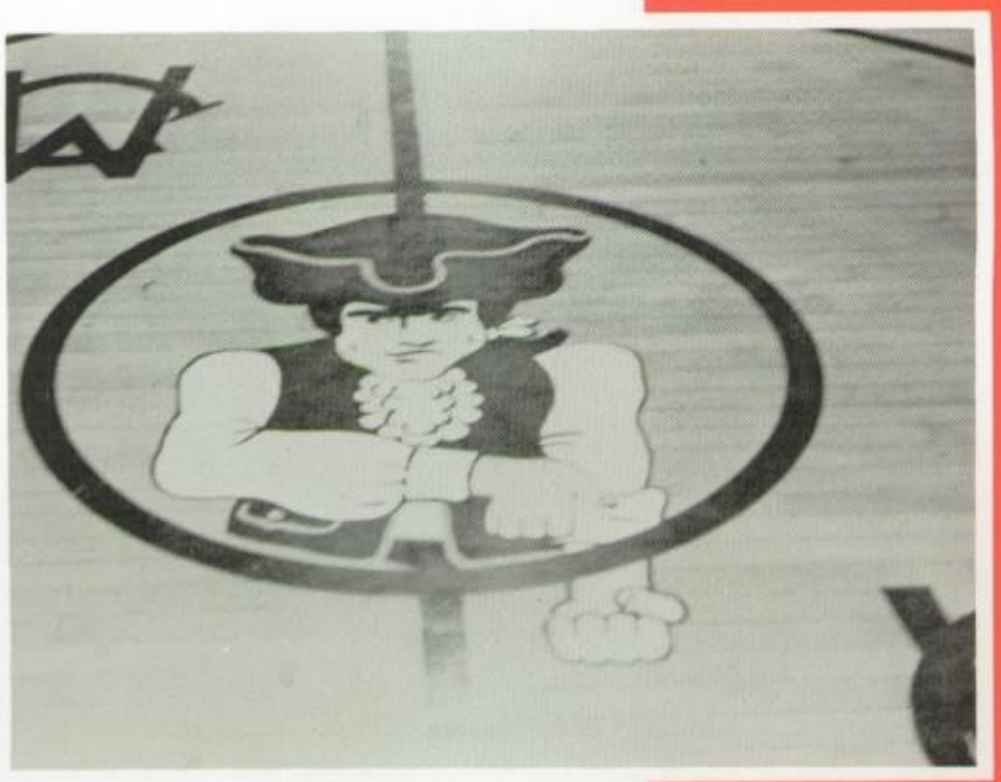
notice the change?

Exploratory Classes were offered to the eight graders. Some of the classes included typing, General Business, and music and art appreciation. They "explored" the course to see whether or not they would like it enough to take it the following year. Instead of 23 units required to graduate, the eighth graders need only eighteen. They didn't even receive credits their first year.

Mr. Peak made the rule that students and teachers switch parking places. Parking stickers were required for both teachers and students.

A student who used the pay phone in the gym found that he needed 20¢ instead of 10¢ in order to complete the call. Well, everything else went up, so why shouldn't that?

The old mascot of WC.



To help add new flare to the school, Mr. Vernon Keesee painted a new school mascot on the gym floor.

Now the students park in the teacher's parking lot in front of the school.

On the quiz show, "Purely Academic", Joy Marshall, Dawn Roakes, and Jethro Callaham listen while the quiz master reads the question. David Scott (not shown) is also a member of the William Campbell team.

styles

Styles at William Campbell constantly change, yet they never really change. In style: the blouse with a colorful handkerchief around the neck, cuffed pants (for boys) with the narrow belts. The year? 1956!, being practically indentical to the year 1972. How about cuffed jeans, high bottom shoes and short curly hair, softly curled around the front? 1957 and 1974! The sweater with the buttons in the front worn with a skirt (with a long skirt if you lived in the 50's and a short one if you lived in the 60's) made it's way back in (buttons optional), also.

Actually the long skirts have been in since the building of the school in 1951 with the mini skirts following in the late 60's and early 70's. The break through for girls wearing pants to school really began in 1973 and 1974 when for the first time girls wore pants more than dresses.

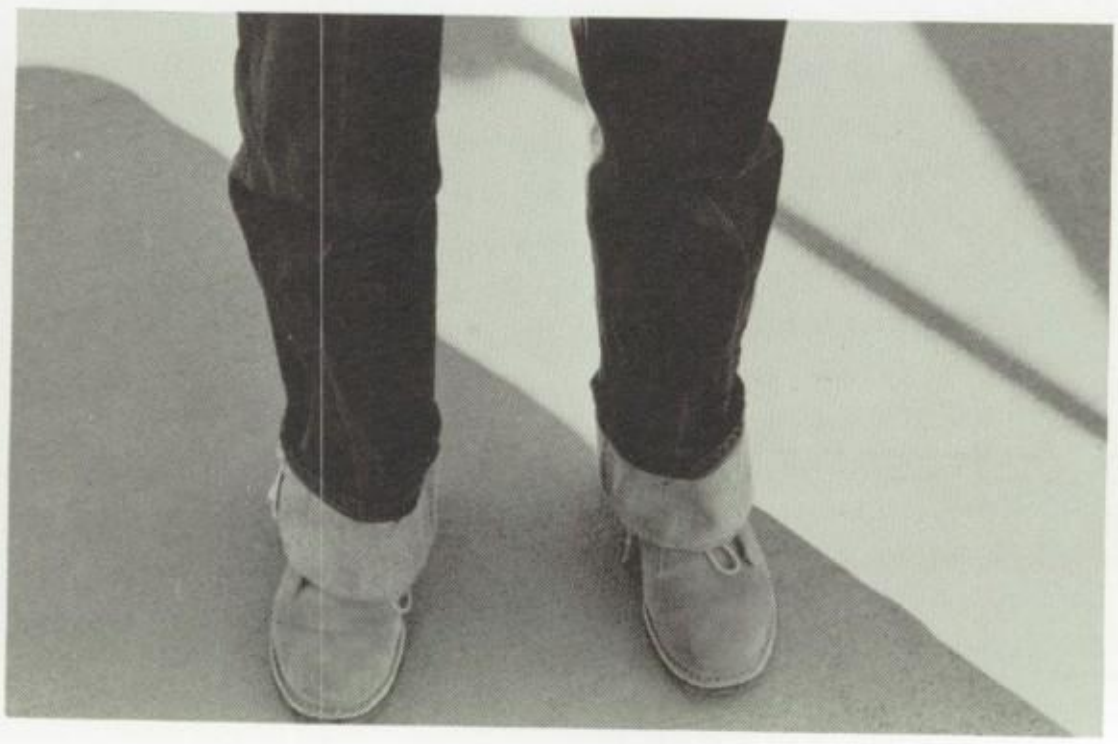
Now for the year 1975 and '76 a "new" thing comes back in with the long skirts and open-toed, high bottomed shoes identical to the shoes of 1951. The hair styles of the 50's comes back also. The natural look of the afro came in 1972 but became most popular during 1974 but leveled off a lot by the middle of 1975.

Shoes of every type are in style.

Hats come in different styles and shapes. The particular style one chooses depends on the individual's taste, as Julie Carnell shows.

Back from the 50's are long skirts and platform shoes.

The beaded necklace, is "in fashion" for both boys and girls.



A casual dress-wear that many students prefer are the jeans which may be flared or straight leg.

a second home

Horsing around at lunchtime are Brenda Guthrie, Judy Dodd, Beth Roakes, Donna Wade, Dawn Roakes, George Smith, and Jeannie Pool.

During lunch Frankie Mayhew and Bonnie Moon wait together for the bell to ring.

After lunch, Penny Williams and Larry Moon sit on the school lawn and talk.

Playfully threatening Robert Clowdis, Tanya Harper shows him the size of her fist.

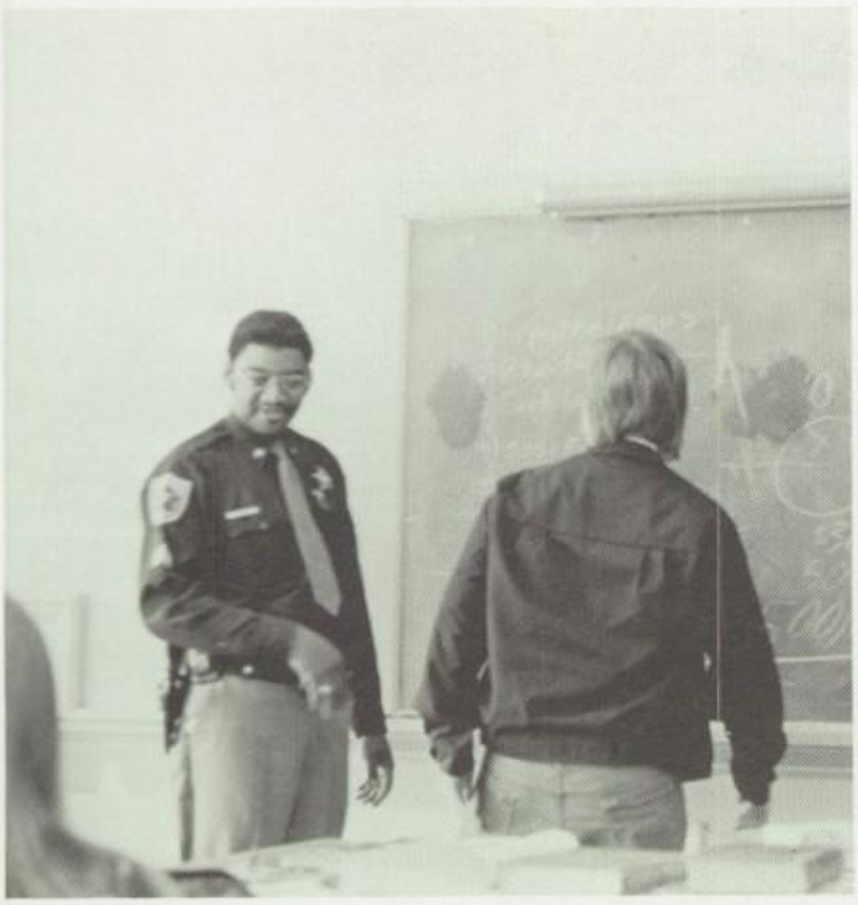
Ted Jordon shows Jeff Smith how easy it is for a "big" guy to take control.

A puppet show is the very thing to liven up the Christmas spirit. Mr. Vernon Keesee, Mandy Morris, and Beverly Williams work to make it on time.

Needing a little assistance, Mrs. Barbara Clark adds a few finishing touches to Larry Brevo's art work.

Playing a game of touch football, Susan Hamlette goes up for a touchdown pass.

in class



As a demonstration for the government class, Mr. Earl McDaniels frisks Ricky Trent.

It was obvious that learning wasn't the only thing that went on during class period. Students fell asleep, sneaked a snack, and gossiped. It depended on the atmosphere of the classroom whether a student actually was paying attention. But often a class wasn't all work because a teacher sometimes threw in something of fun yet still pertaining to the class. For example, in science class, the students sometimes played "Element Bingo". Not only was this good for the student but the teacher as well.

Having fun experimenting with pastels is Mrs. Barbara Clark's fourth period art class.

Between Classes

The bell rang and the halls filled with people. There was a whole different atmosphere between classes. Students who were otherwise calm rushed like maniacs to their lockers so that they could be ready for their next class. But not everyone used the time to go to his locker. Some students used the time to take a drag or go to the bathroom. Guys hurried from their classes to be with their favorite girl (or sometimes vice versa). The drink machine was usually busy between classes. People could always find someone to talk to or about. But no matter how fast you were, sometimes the bell caught you.

A regular goof-off in the smoking room, Allen Tisdale shows off his "black power".

With little time to spare, Hope Elder goes directly to her locker after the bell rang.

R-r-r-ring and an empty hall turns into a four minute race track.

between classes

Sharing lockers are quite common and convenient, as proven here by Sandra Davis and Dianne Dews, especially if one locker is closer to most of the classes than the other.

Between classes, Roger Morton and Sam Younger, stop to rap on to each other.

lunchtime

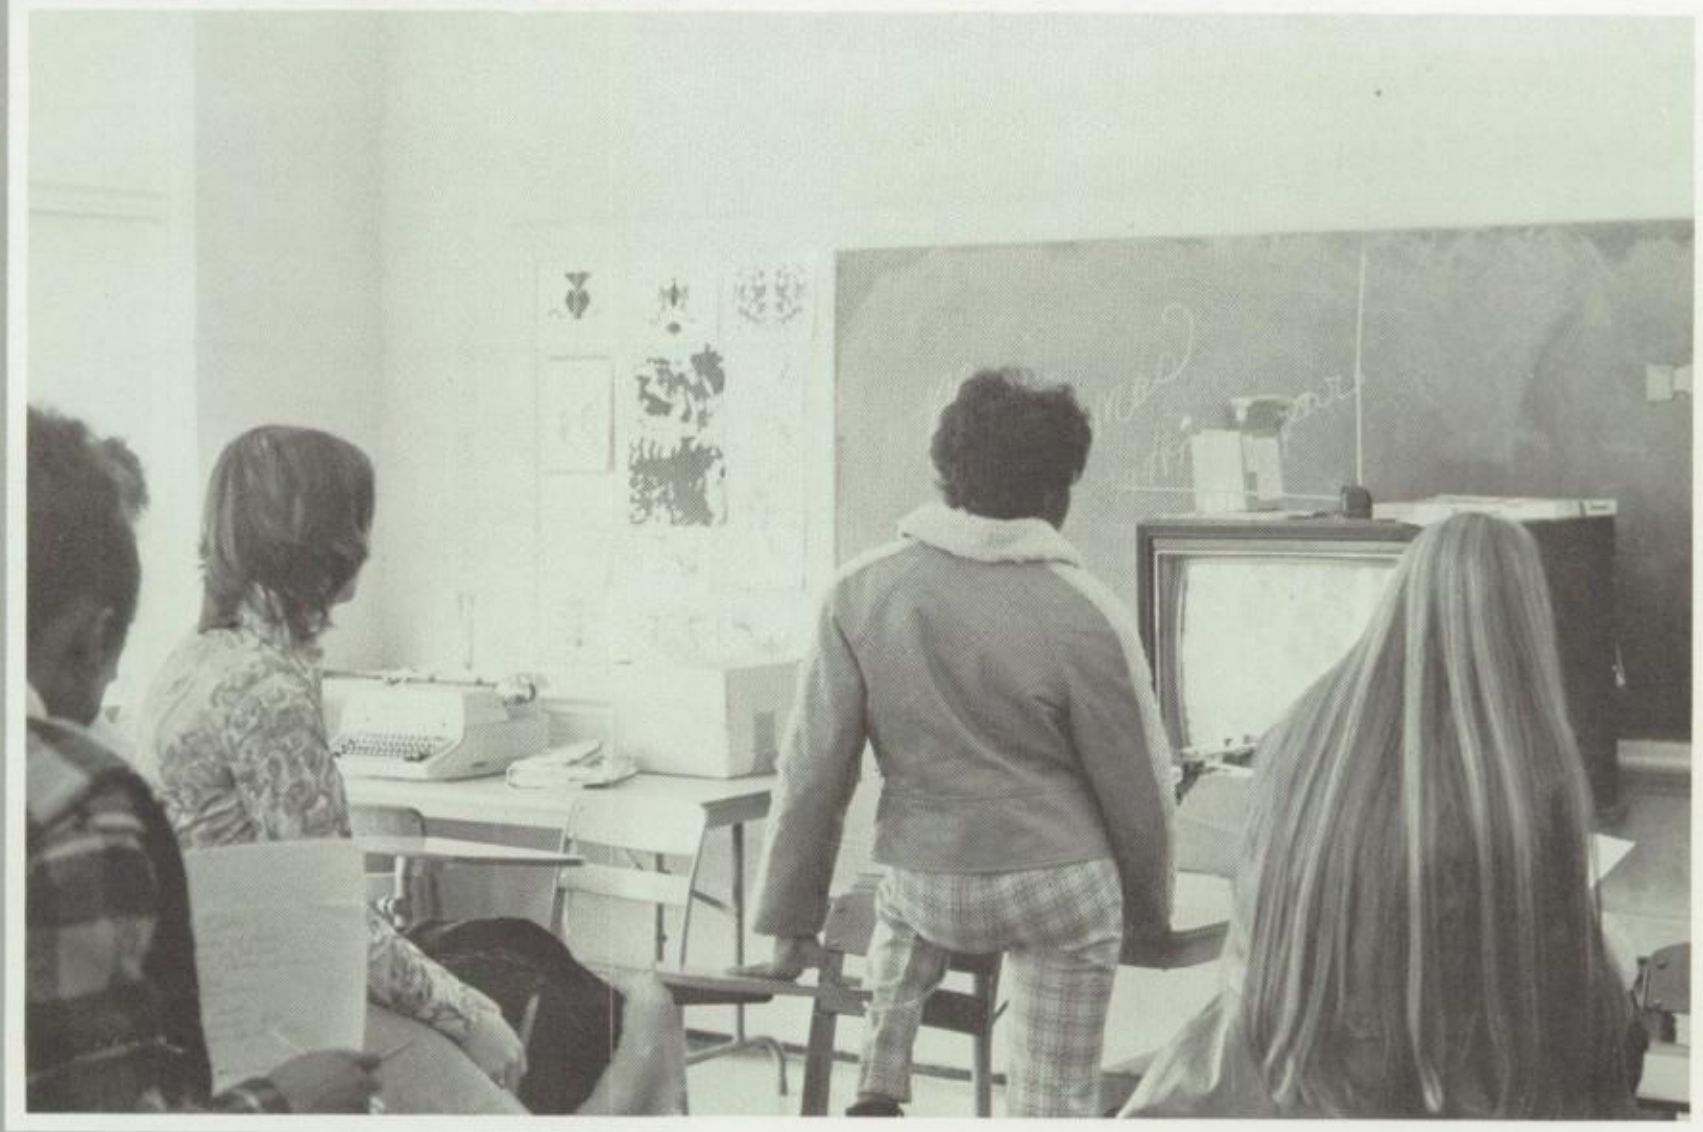
Cramming it in swiftly, Mark Wilkes, and Darryl Younger make the most of lunchtime.

Getting a few words in between mouthfuls, Dean Claybrook raps during lunch.

"Hey man! Don't take a picture of me while I'm eating", says Matthew Mosby.

One of the most enjoyable events that happened every day at noon was lunchtime. Students used their lunch period in ways other than just eating. Some spent their 30 minutes gossiping with their friends or walking up and down the halls. Others could be found outside on the steps studying for that test next period!

As a tradition at WC, seniors had the privilege of breaking in lunch line. However, there was a lot of confusion because underclassmen were doing it too. Finally, Mr. James Peak decided to allow seniors to go to lunch about five minutes earlier than underclassmen. That seemed to settle the problem.



Some people would rather watch "Soap Operas" than eat lunch. Rhonda Payne, Donna Wade, Roxie Mosby, and Jeannie Stimpson relate reality with "The Young and the Restless".

boyfriend and

girlfriend

It was really amazing how a boy and a girl met and started "going together". However, it happened all the time at W.C. When romance did surface between a boy and girl, there was a lot of talk and jiving around from others, but eventually it died down and everyone got used to the idea.

School was a great place to get to know people. One got to know others even better with the help of activities such as clubs and ball games. As a result, a person could single out a person whose company he or she enjoyed. Often the relationship went beyond "just being friends", and the couple began to devote their spare time to each other. When that occurred, the couple was commonly referred to as boyfriend and girlfriend.

Reading music? Dawn Roakes and Eddie Hughes spends a lot of time going over staff and songs.

Always in a constant struggle, Lloyd Blanks attempts to show Glennis St.John who's boss.

At lunchtime Denise Burnette and Curtis Carwile sit in front of the Annex and talk.

In preparation for the halftime show, Nancy Guthrie, Tanya Harper and Kathy Carwile stay after school to practice their routines.

The marathon broadcasted over WODI occupied the spare time of Miss Martha Wilson, Hope Elder, Joni Woodell, Tanya Harper, Mr. Edwin Temples and Sharon Rosser.

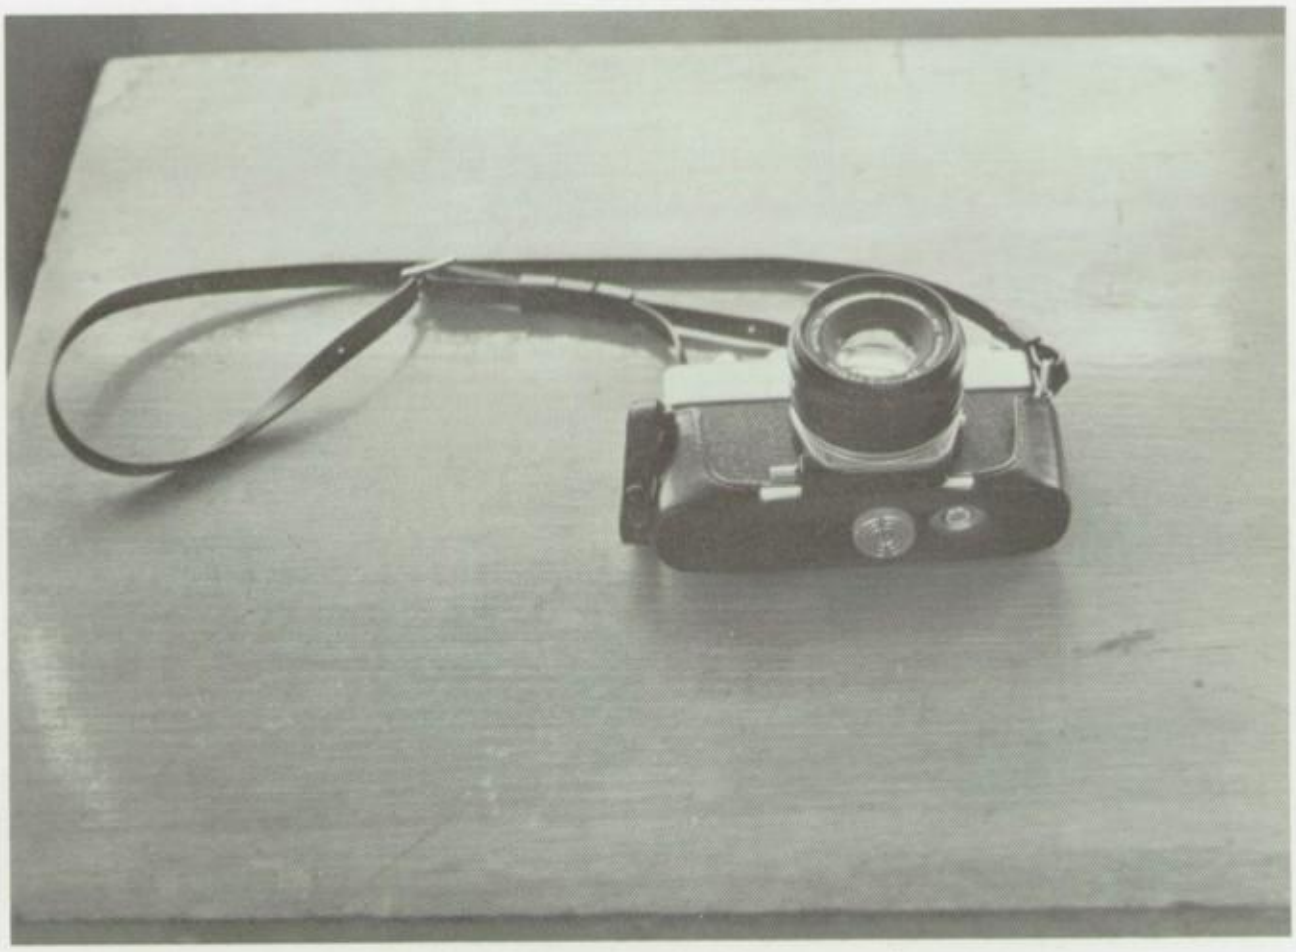
after school

Warming the bench during practice, Chubby Yuille and Robbie Putnam take a little rest.

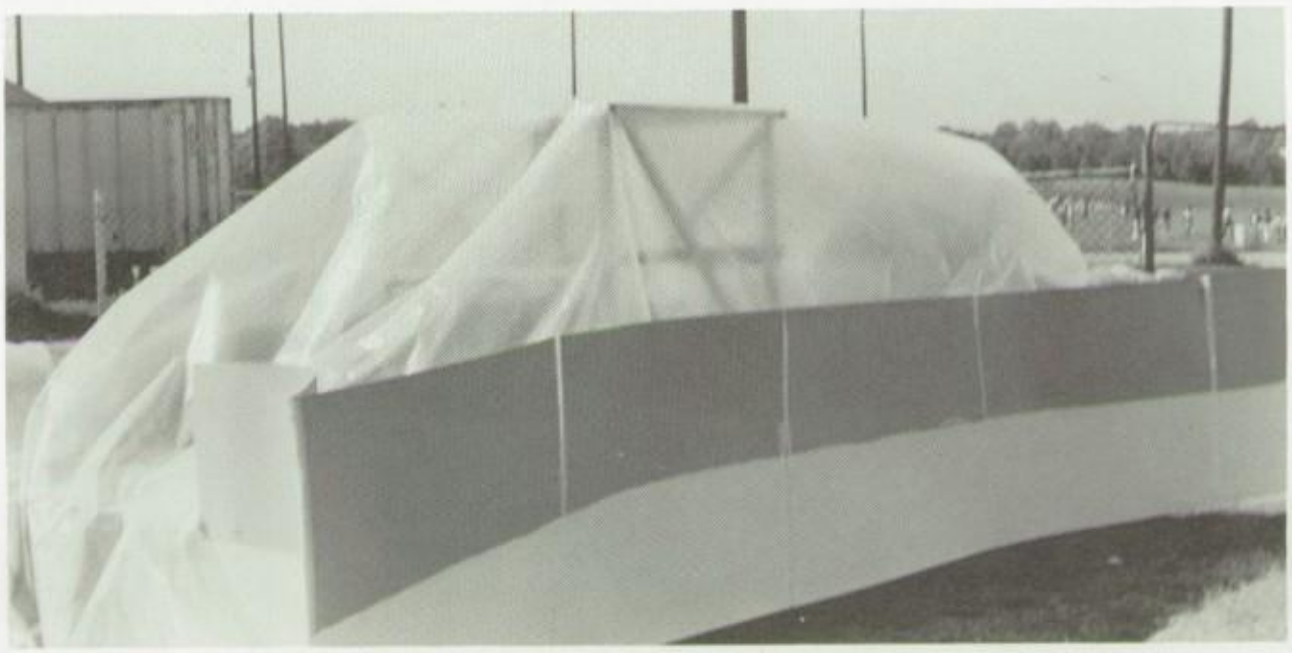
Seldom when the last bell rang at 3:01 were the premises left deserted. To some, it was like an extension of school. Practicing for the various sports involved most of the students that remained after school. Often, however, other activities were going on at the same time. Sometimes the band members practiced or stayed for a club meeting. There were times when students stayed to rehearse for plays and musicals. To many students when the 3:01 bell rang it meant leaving school to return home; yet, to others the school wasn't left behind until much later.

In the play "Out of the Frying Pan" Tamera Mason and Mark Jones watch Sonny Dunkley, the "crazy man", get looney. Cindy Foster and Tanya Harper stand on the side and talk.

Vandalism



Two very expensive cameras similar to this one were stolen.



The destruction of the Homecoming float called for extra work in order to have the float ready for Homecoming night.

Vandalism continues, symbolized by the writing on the wall after the homecoming game.

Vandals gained entrance into the vault by putting a hole in the wall adjacent to it.

"Did you see that big hole in the wall in Mr. Vaughn's office," says one student to another. Contrary to what some people think, vandalism was not an everyday occurrence at W.C. But, students were aware of the fact that it did exist. Writing on the cafeteria wall and the destruction of the Homecoming float were just two examples.

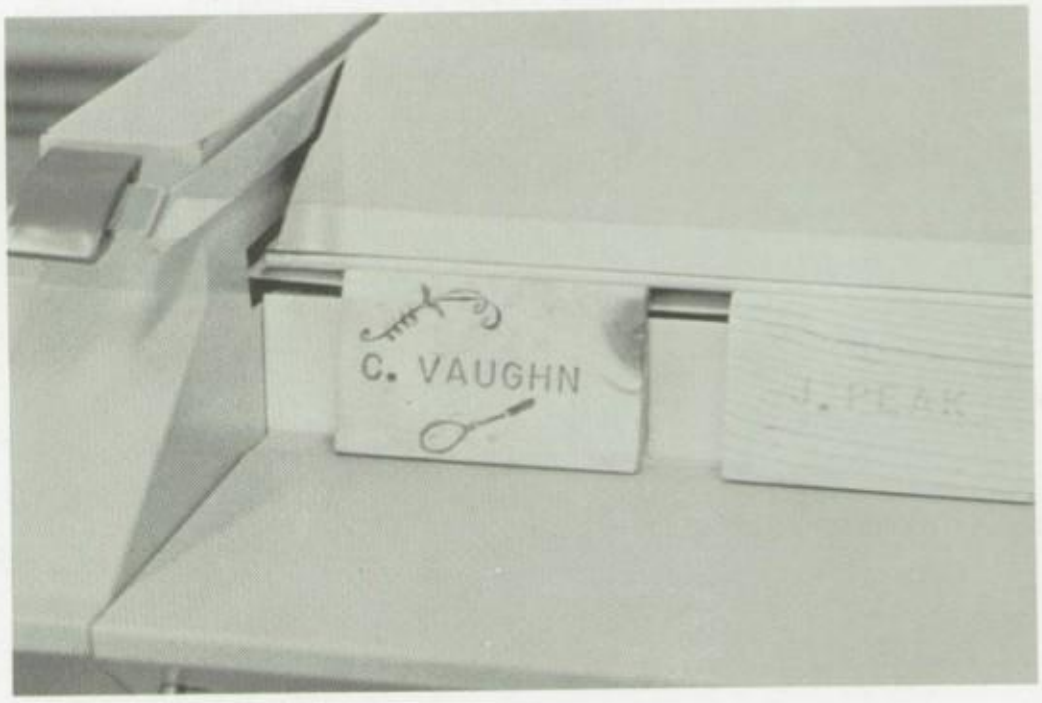
At the beginning of the year, cameras were stolen from the agriculture department and the yearbook staff, along with various other items. The office vault was broken into. The vandals got in by bashing a hole in the wall of Mr. Clarence Vaughn's office. Although these incidents didn't affect the student body to a great extent, they were conscious of the acts committed by vandals.

Personalized Passes . . .

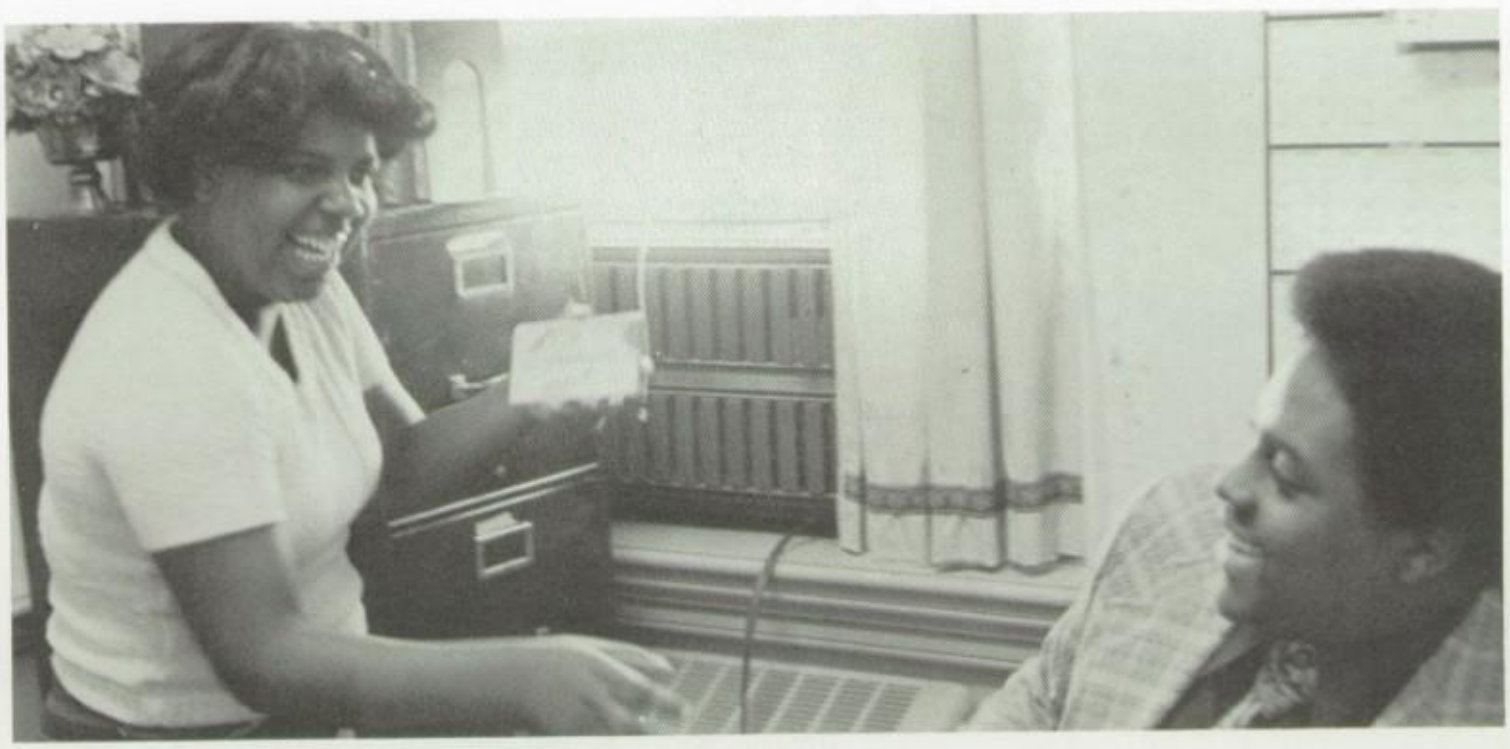
"The Block"

Students protested over the small piece of wood commonly referred to as "the block". Our principal, Mr. James Peak, was greeted by groups of students who were upset because of the block. A petition was even signed by most of the seniors.

Each teacher was given a block with his name on it. It had to be carried by a student when he was in the halls. If anyone was caught in the halls without it, it meant a day at home. Although it was a controversial item, the block did seem to keep the halls clear temporarily.



One block, Mr. James Peak's, looks rather dull compared to Mr. Clarence Vaughn's.



A friendly dispute is going on concerning the block between Janice Barley and Mr. Clarence Vaughn.

"The Block"

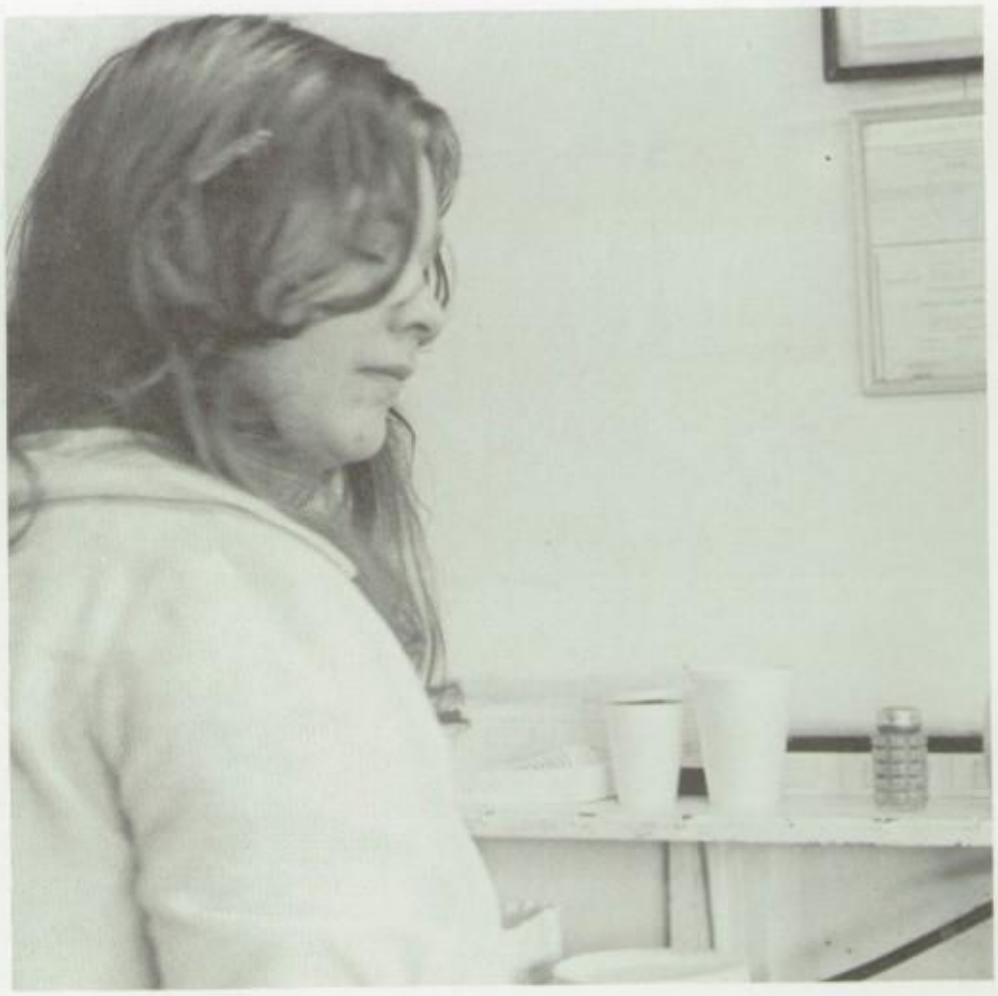
Caught in action while trying to get out of class, two students use the same block.

Obeying the new rule, Watt Foster and Billy Garrett use the block as a pass to be out of class.

Bringing back the block, Karen Harper returns to class after a short absence.

Adding a touch of art work to her wooden block is art teacher, Mrs. Barbara Clark.

An ICT member, Kathy Ashworth, performs her work at West-End Drive In by preparing food.



Student Workers

Many students held jobs while attending school. The majority left early, yet there were some who began work after school. The hours varied according to the job the student held.

There were two main courses, Distributive Education and Industrial Cooperative Training, which gave the students experience in the business world. The DE and ICT were taught by Mr. John Moore and Mr. James Hardison, respectively. It was no surprise to go in a local place and see a familiar W.C. face running a cash register, serving food, or working in an office.

The Ebonaires, making their second appearance at WC, provided entertainment for the dance.

Deciding to sit this one out, Louise Nowlin and her date Sylvestia Clark rekindle their energy for the next dance.

Since the attire was semi-formal, no blue jeans could be found anywhere.

Valentine Dance

During the Valentine's Dance, Jesse Hamlette and Letha Moore find a few moments to be alone.

The Valentine Dance

The S.C.A. and Homeroom Representatives planned the first annual Valentine Dance. Several teachers gave their support in one way or another, whether it was printing tickets, drawing posters, decorating or willing to be chaperones for the dance. Although student support seemed to be weak, there was a great turn out of volunteers and some even returned to clean-up the following Sunday.

In a romantic atmosphere with red hearts and candle light, the dancers boogied to the music of the Ebonaires. Drinks were sold and there was a bake sale. The S.C.A. acquired a sizable profit and the students and guests were given a special treat on St. Valentine's Day.

Slowing the pace a little, couples begin to enjoy themselves slow dragging.

During intermission, a few students use this time to look over the crowd to find out who to dance with next.

Spirit Week

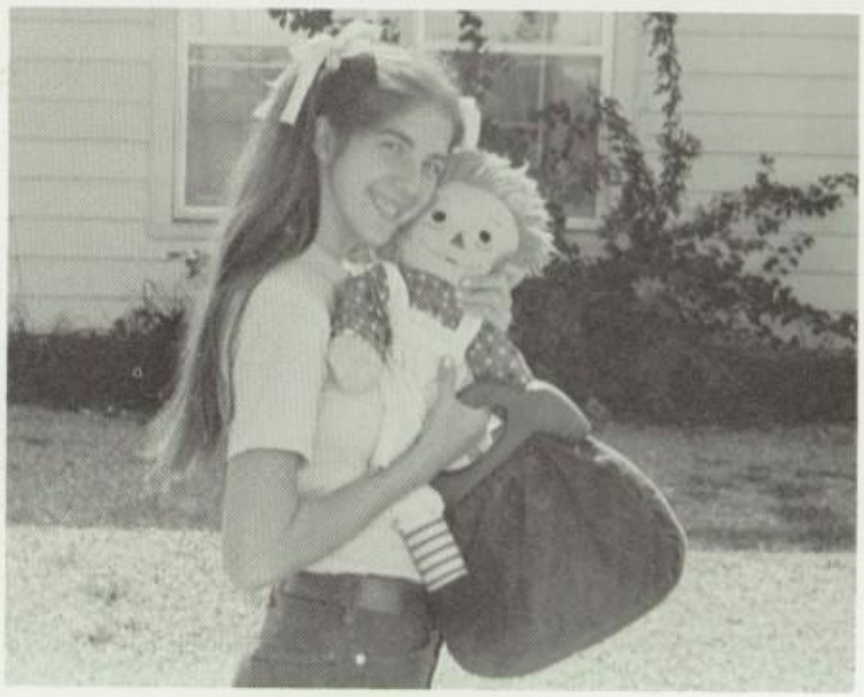
Spirit Week was a week of planned activities to get everyone excited about the Homecoming game. Monday was Bicentennial Day. Everyone was supposed to wear red, white, and blue. Tuesday was Inside-Outside Day. Students wore their clothes on the wrong side. Wednesday was Character Day and Tramp Day. Students dressed like cartoon characters or tramps. Thursday was Mix-Match Day and J.V. Slave Day. There was a lot of wild plaids and stripes mixed together. Other girls wore J.V. jerseys. The last day of Spirit Week was Blue and Gray Day and Varsity Slave Day. Almost all students participated in that. They either wore jerseys or blue and gray. The week of activities ended with the Football and Basketball cheerleaders leading the cheers at the pep rally.

After receiving the slave chain, symbolized by the JV jersey, Deborah Morgan must now obediently do what her owner tells her.

To show their spirit on Inside-Outside day, Gloria Carwile and Susan Hamlett dress for the occasion.

To show their spirit, Vivian Bennett and Glen Epperson participate in the third day of Spirit Week; Tramp Day and Character Day.

The week before William Campbell's Homecoming game we had Spirit Week. On character day Jeannie Stimpson dresses as Mickey Mouse and Cheryl Vassar dresses as Minnie Mouse.



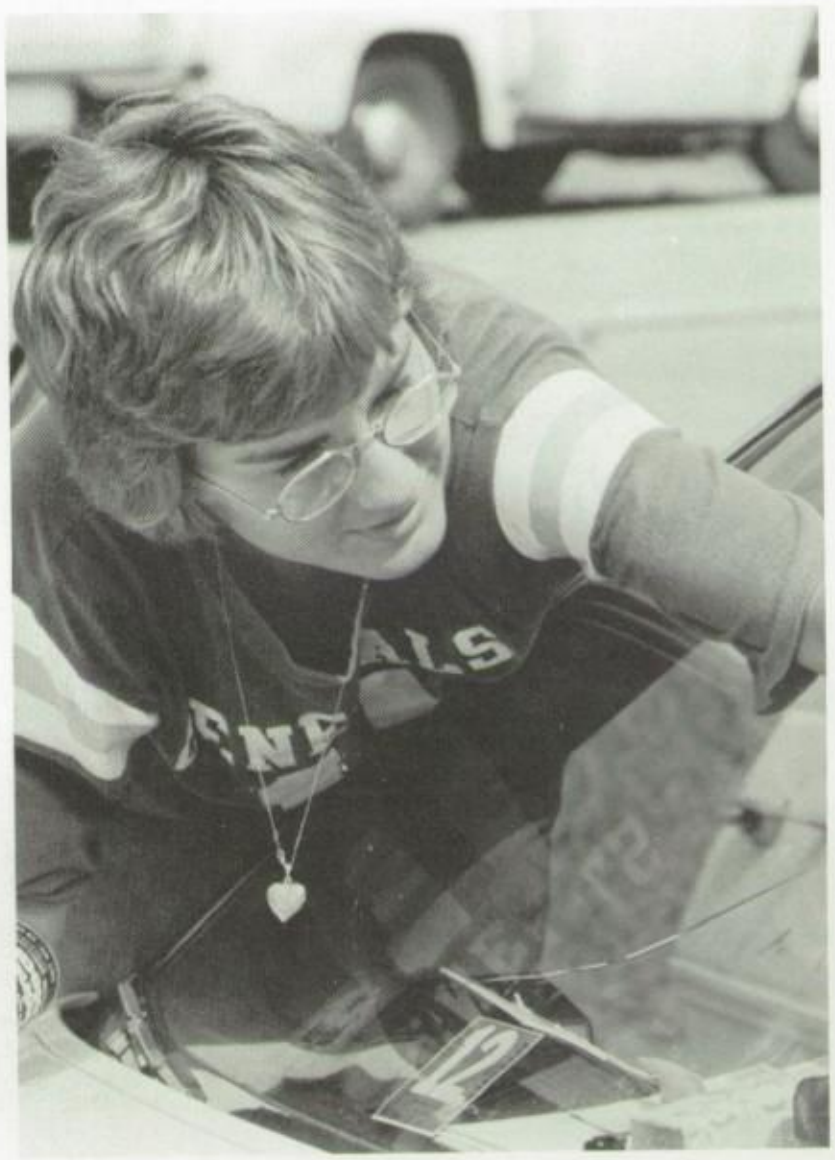
Outside the band building, Penny Williams shows her spirit by dressing as Raggedy Ann on Character Day.

Dressed up as the Pointer Sisters, during Spirit Week, are Louise Nowlin, Coretta Younger, Janis Younger and Chenise Younger.

Fund Raising . . . And

In a combined effort to raise funds for the new band uniforms, Robert Clowdis, David Britton, Bobby Adams, Karen Finger, Amy Foster, Beth Loftis and Vicki Moorefield wash cars beside the fire house in Brookneal.

Hmmmmmm . . . "Krispy Kreme" doughnuts. Terry Bradley can hardly wait for Janis Younger to sell her one of those "mouth watering" glazed doughnuts.



To raise money for new band uniforms, Cindy Foster, senior band member, helps out at the car wash sponsored by the band.

Having Fun

The F.H.A. trys to raise money for an air conditioner. Marshall Mays tells the class about the General jackets they could win if they sell 20 glasses.

When the students needed money, for various reasons, they got together and put forth team effort. Car washes, dances, selling cushions, and bake-sales were just a few of the fund-raisings. For example, the cheerleaders got together and raised money for uniforms. So that the Home Ec. rooms and kitchen wouldn't be hot in warm weather, the girls sold glasses to raise money for air conditioners. Fund-raising was a lot of work and a lot of fun, but the best part about it was that often enough money was raised for the purpose intended.

With the football cheerleaders completing their tumbler sales, they explain to Mr. Jerry Smith that they have raised enough money to buy new uniforms.

The Band Boosters club sponsored a dance in the cafeteria. To get down with the sound, Ray Croner "boogies" while Roadwork provides the music.

Homecoming "Americana"

During any school year, one of the main events is Homecoming. Through all the rush and excitement, people don't usually think about the possibility of "that game" being postponed. However, with rain on Friday night, such happened and the game was played on Saturday.

The whole week students and various school departments were busy preparing for the "big night". Using "Americana" as the theme, every detail revolved around it, from the float right down to the band with its new revolutionary uniforms.

Behind the Statue of Liberty stands Greg Bucknam, one of the students who helped build the homecoming float.

Supporting the Generals in their way, the WC Rifle Corps, Majorettes and Band present their halftime show on the football field.

Homecoming Night

On that night of October 18, the fans gathered to watch the Generals tackle the Nelson Governors. What a victory! The Generals trounced the Governors 41 to 13. The team made all the anticipation and tough work for Homecoming worth while.

SPORTS

There were two new sports, tennis and girls track. There was a lot of enthusiasm over these new sports. About 40% of the students took part in sports. The students relied a great deal on pep rallies, games, and sports in general to keep up the school spirit.

Our records may show more losses than wins, but the students of WC were behind our athletes all the way.

FOOTBALL

Hard work and experience dominated the '75 Generals. The boys dropped expected wins to Altavista and Jefferson Forest but defeated the district champs, Rustburg. Home fans saw only one victory but it came homecoming night.

District honors went to Danny Fallen as 2nd Team Defense, 1st Team Offense and tied for co-lineman of the year. Wayne Claybrook made 1st Team Center; Ricky Davis 1st Team Kick Return Specialist; Tony Herndon 1st Team Offensive End; Mike Layne Honorable Mention Linebacker; Kipp Burch Honorable Mention Quarterback; Theodore McIvor Honorable Mention Defensive Back; and Binnie Nash Honorable Mention Offensive Guard.

Although a rainy season the Generals maintained a record of five victories and five losses.

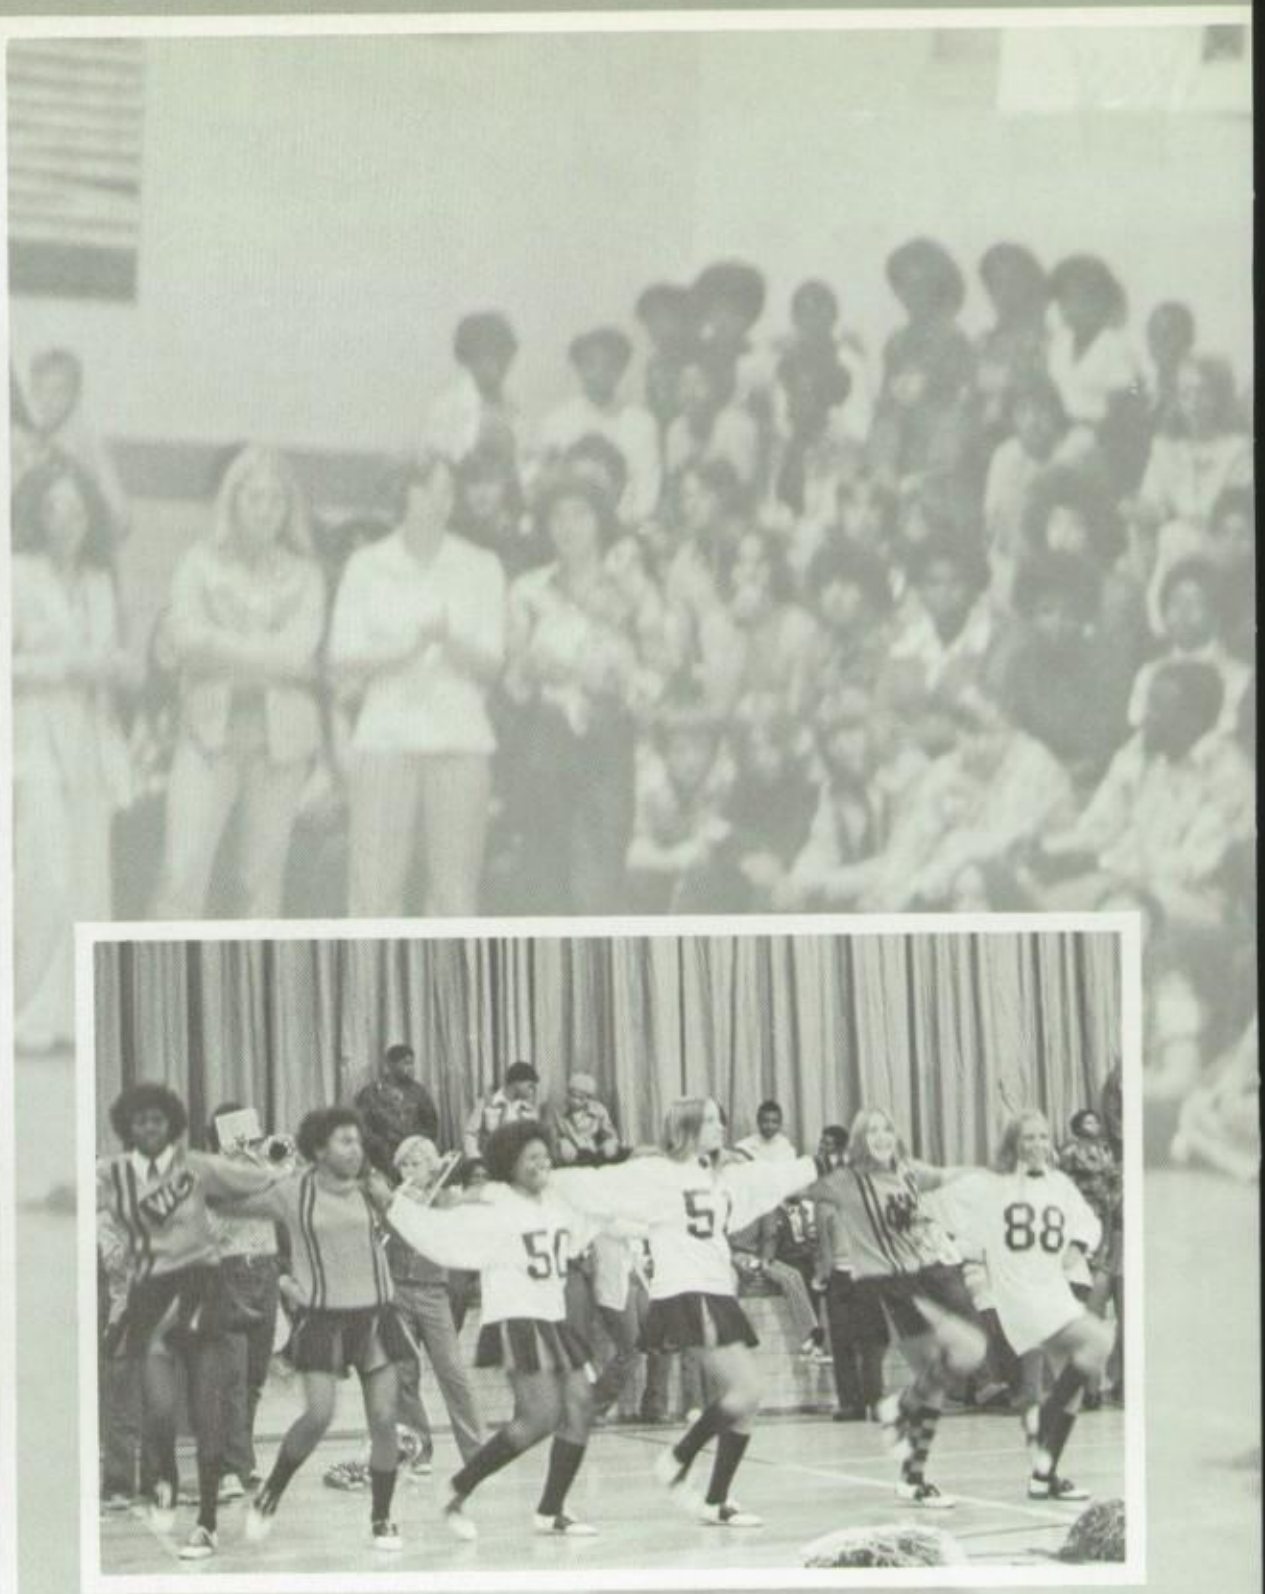
PEP RALLIES

Pep Rally

"Generals are dynomite, don't mess with dynamite," chanted the cheerleaders, along with other cheers, at a pep rally. What did they hope to accomplish? They wanted to lift the spirits of the team and fans for that night's game.

Sometimes the pep rallies didn't go over so well. The students were happy to get out of 6th period class 15 minutes earlier, yet, once the students got in the gym, half didn't pay attention and others left to get on the bus. But, there were occasions when it seemed everyone got involved and responded to the cheers and the band. When this occurred, the team knew whether they were dynomite or not; at least they had supporters to root them on.



While the band plays "The Horse," the basketball and football cheerleaders do the hitch-kick routine.

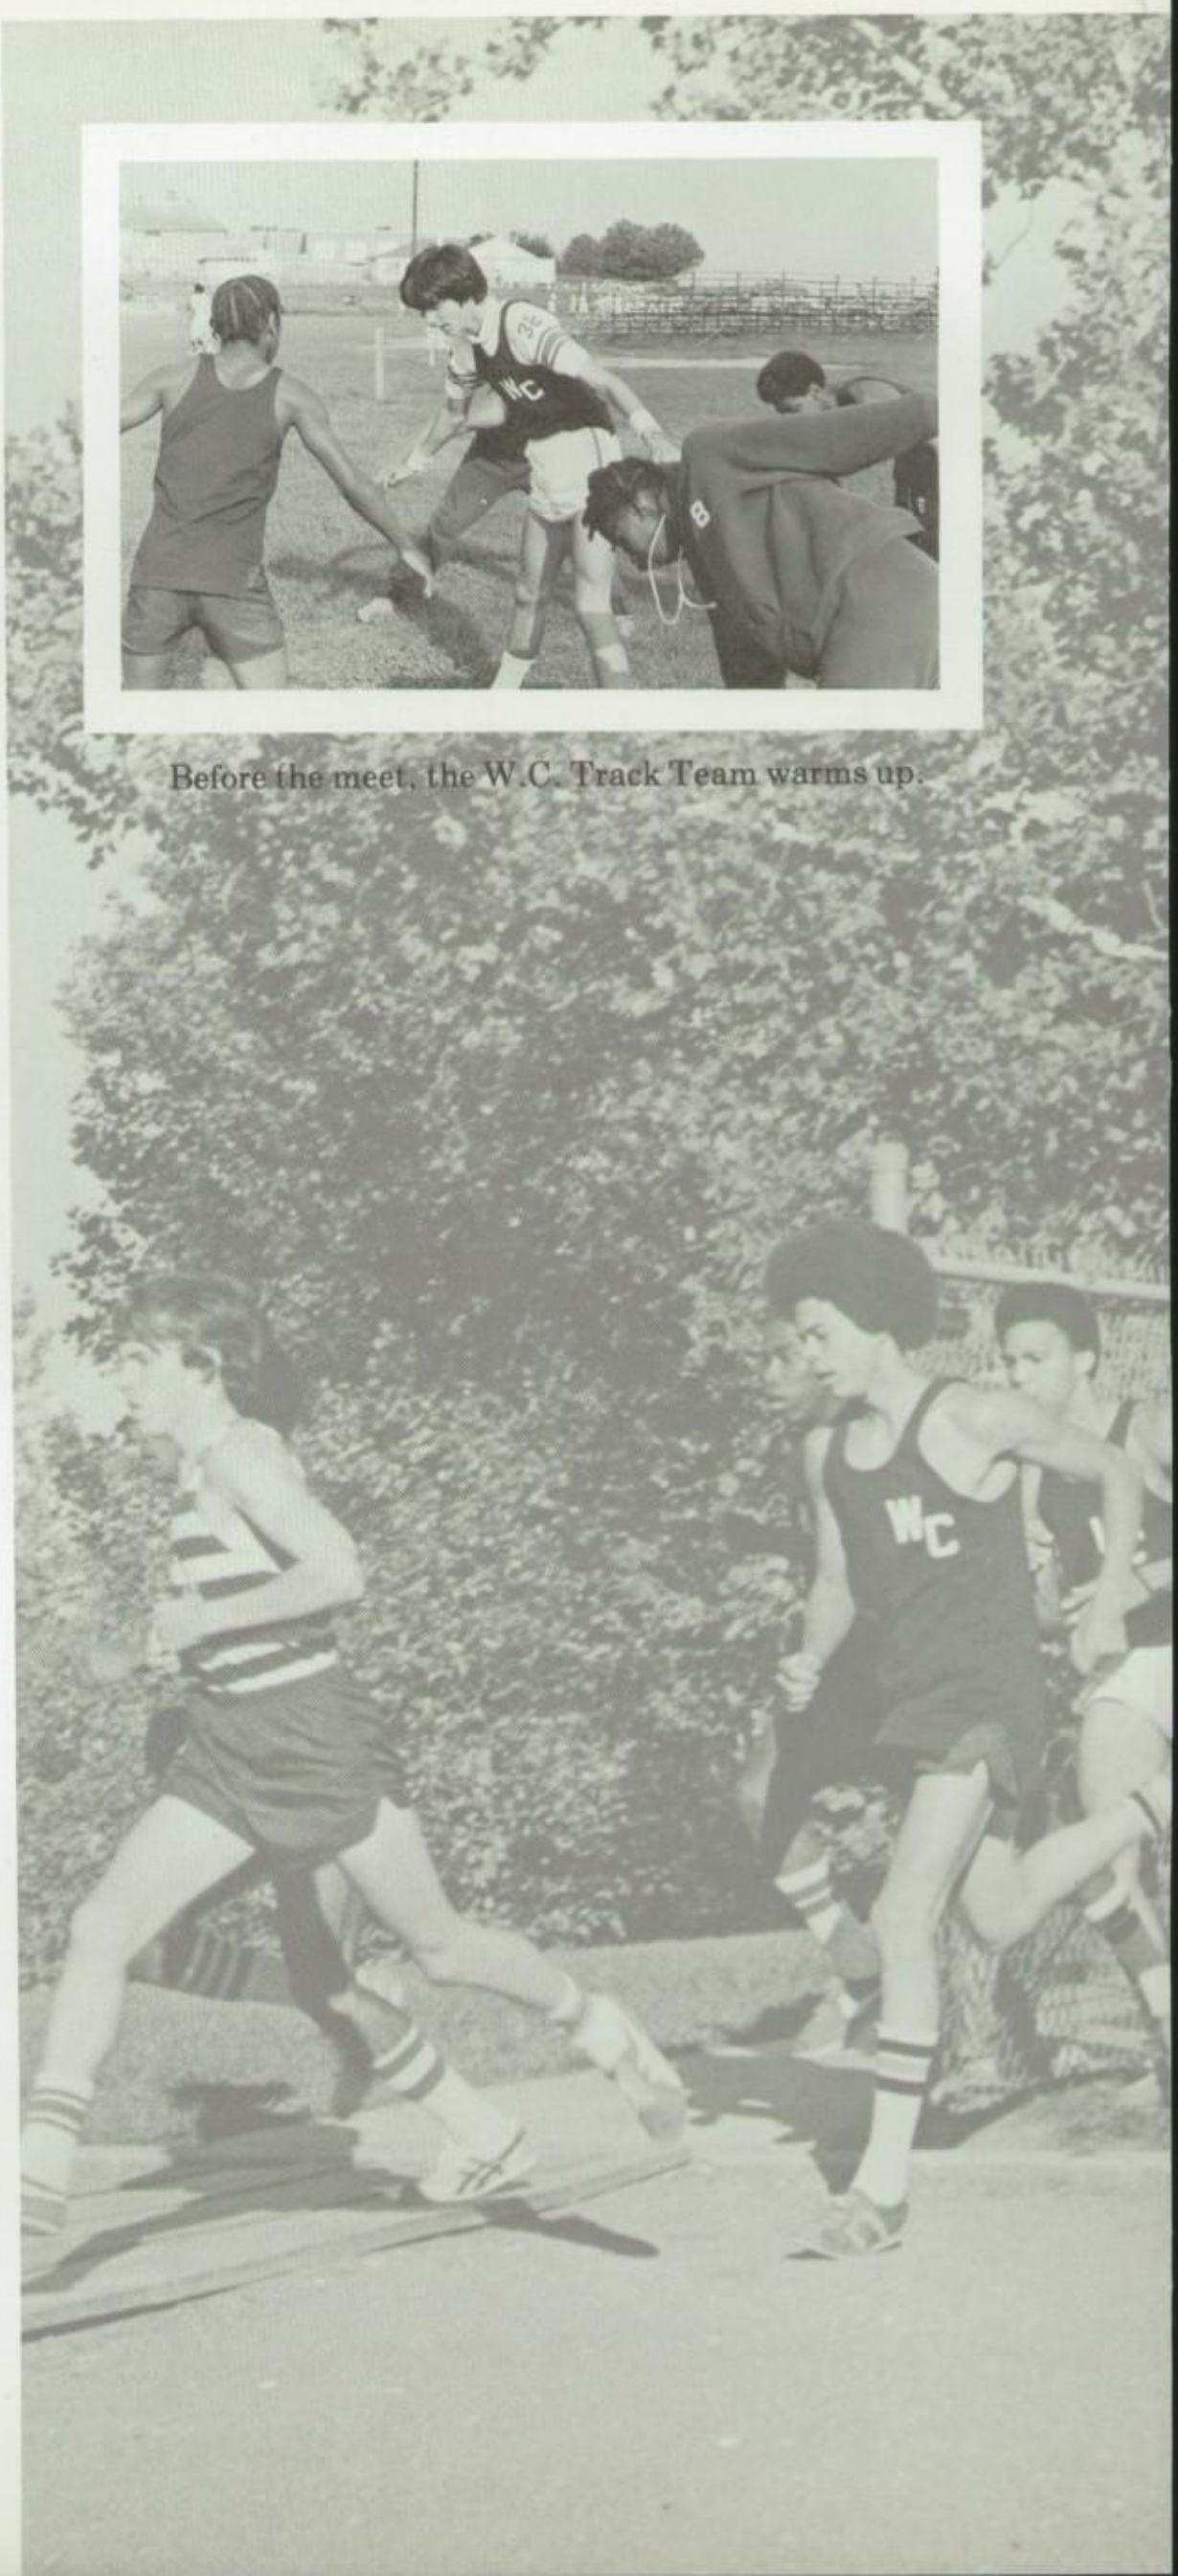
CROSS COUNTRY

Cross Country

It was a three mile track through the country. Durability was a required skill to last the run. Endurance was a factor needed to run through the many types of weather.

Two outstanding track members were Jackie Robertson, who took first in the district meet and was a member of the all-district track team, and Sean Wayland who made both all-district and regional teams. As a team William Campbell won five of their meets and lost six.

Before the meet, the W.C. Track Team warms up.



"Singing in the rain?" No! Some of the cross country track members sprint to get in shape for that next meet.

VOLLEY BALL

A new sport was open to the girls in the fall year, "Power Volleyball". One way in which power volleyball differs from regular volleyball was that the palm of the hands weren't allowed. The girls had to learn a totally different set of rules. They ended the season with only one win against Nelson County.

INDOOR TRACK

William Campbell was only one of the schools in the district that met at Lynchburg College's Wake Field House to participate in indoor track. W.C. also traveled to VMI for two meets.

Field events included shot put, long jump, pole vault and triple jump. The running events were one mile, 60-yard dash, 60-yard high hurdles, 600-yard dash, two mile, 880-yard relay, 1000-yard run, 300-yard dash, and the mile relay. William Campbell didn't score many points but there were two school records broken and one tied. Jackie Robertson broke the two mile record, Glen Nowlin broke the 600-yard dash and Al Berkley tied the high jump record.

BASKET-BALL

Varsity Basketball

It was a disappointing year as for winning. At times there was good effort and spirit which resulted in winning or near winning but at other times the squad was unable to put their plays together to make a successful year, ending the season on the bottom of the district.

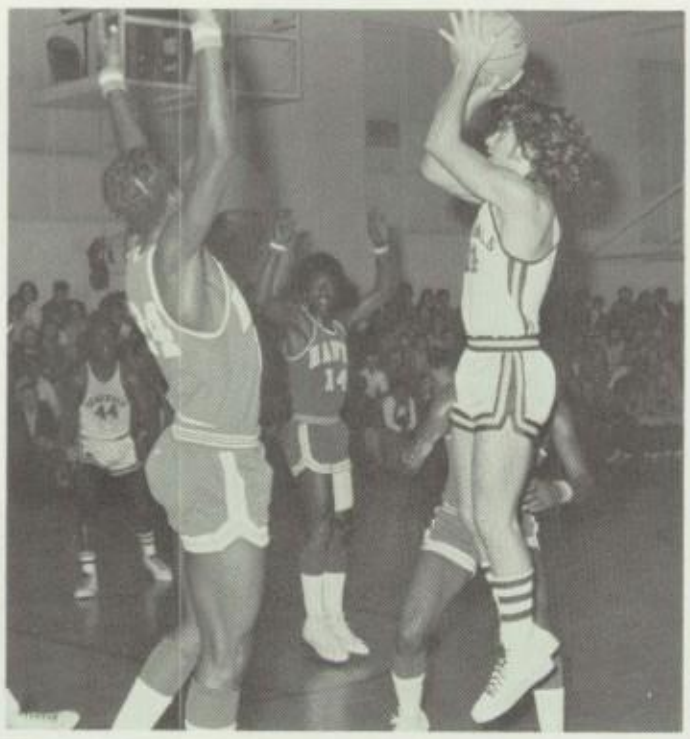
J.V. Basketball

It was a tough season for the J.V.'s dropping games by only two or three points. The team was experienced with seven players returning but they would give out too early. The J.V.'s won 6 out of 20 games.

J.V. BASKETBALL TEAM — **Front Row:** Don Pannell, Darrell Younger, Dewey Monroe, Reggie Mosby, Ricky Davis. **Second Row:** Roger Smith, José Waller, Don Harris, Kenneth Jordon, Clarence Walker. **Third Row:** Sherman Hamlette, David Hubbard, Mark Wilkes, Theodore McIvor. **Back Row:** Gary Jones, Charles Crews, Mathew Mosby, Mr. George Clark.

Dribbling down toward home court, Theodore McIvor, sees a hole to slip through.

Arching high, Buddy Garrett launches for a chance at two points over a Gretna Hawk.



In the game between Stauton River and William Campbell, Lonnie Nowlin jumps high attempting to get the rebound.

VARSITY BASKETBALL TEAM — **Front Row:** Jesse Hamlette, Rudell McCraw, Tony Herndon, Buddy Garrett, Lonnie Nowlin. **Second Row:** Leslie Younger, Mike Layne, Billy Garrett, James Hamlette, Stanley Baker. **Back Row:** Mr. Henry Fitzgerald, Jeannie Stimpson, Gary Jones, Mathew Mosby, Charles Crews, Mr. Clarence Baker.

"Two points! Two points!" the General fans shout as Lucinda Adams releases the ball over the head of the opponent.

Hustling for two is part of the game for Beth Roakes.

GIRLS BASKET-BALL

GIRL'S BASKETBALL TEAM — **Front Row:** Elvira Mitchell, Dawn Roakes, Lucinda Adams, Cindy Foster, Tanya Harper. **Second Row:** Bonnie Lipscomb, Joy Marshall, Belinda Adams, Janis Nowlin, Donna Harris. **Third Row:** Cindy Raokes, Beth Roakes, Sally Lee, Amy Foster. **Back Row:** Mrs. Maxine Morris, Fannie Hancock, Hope Elder, Mary Ann Dunkley.

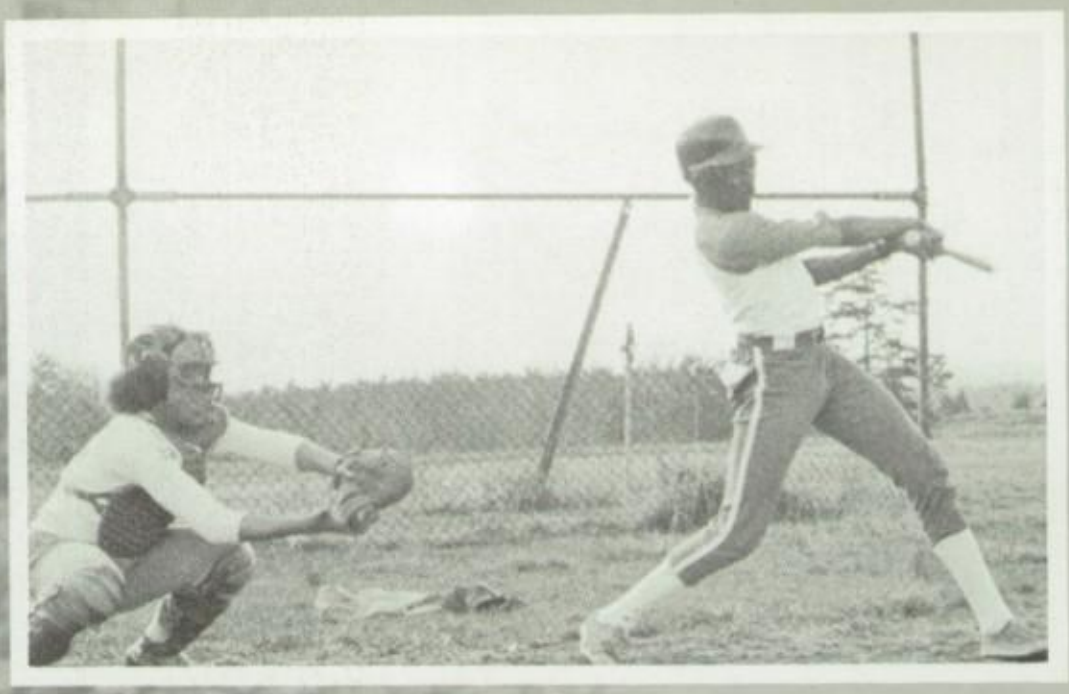
In an offensive struggle, Dawn Roakes tries to keep the ball from a Staunton River Eaglette.

Team spirit was a big factor for the Generalettes. A victory meant a lot to the girls so they would work hard. The young and inexperienced players added leadership to the team and changed last year's 0 and 20 season to 4 and 16.

BASE-BALL

The Generals had three pre-season scrimmages with Randolph Henry, Halifax, and Lynchburg Christian Academy in order to get ready for the season. Desire and hustle with the upcoming members from last year's J.V.'s, a transfer from Halifax and veterans from last year should improve last season's record.

This was the second year for J.V. Baseball with a different coach, Mr. Clarence Baker. The boys practiced with the varsity and they scrimmaged with them during the season.



Putting a lot of strength into it is Greg Llewellyn, only to find out it was a strike.

J.V. BASEBALL: **Front Row:** Timmy Epperson, Chuck Overby, Michael Godsey, Ray Bradley, Wayne Marstin. **Back Row:** Dewey Monroe, Robert Clowdis, Thomas Wade, Lewis Poe. Manager: Benjie Ginther, Ellery Brown.

Everyone is entitled to one mistake, as demonstrated by both Paul Ginther and Kenneth Brown, when they both miss the ball.

VARSITY BASEBALL: **Front Row:** George Smith, Kevin Shorter, Buddy Garrett, Mike Claybrook, Watt Foster, Mike Layne. **Back Row:** Charles Johnson, Kenneth Brown, Paul Ginther, Kipp Burch, Billy Garrett, Greg Llewellyn, Eric Britton.

A giant step and a hard swing shows Lucinda Adams' determination.

Sitting in a relaxed position as Tanya Harper and Donna White are doing, is the only way to watch softball practice.

GIRLS' SOFTBALL TEAM: **Front Row:** Janet Farmer, Kathy Carwile, Cynthia Scott, Kim Elliot, Gail Scott, Elvira Mitchell, Fannie Hancock, Cynthia Davis. **Back Row:** Jimmy Adams, Assistant Manager, Vickie Johnson, Joy Marshall, Tanya Harper, Belinda Adams, Barbara Brogdin, Louise Nowlin, Lucinda Adams, Donna White, Mr. Barry Rice, coach. **Not Pictured:** Vicki Crews, Cynthia Clark, Janis Younger and Corretta Younger.

SOFT-BALL

A Valiant attempt made by Fannie Hancock as she swings the bat towards a low ball.

Giving it all she's got, Vickie Crews hopes for a home run.

The girls' softball team had a male coach this year, Mr. Barry Rice. This brought a lot of changes in the team. There were 40 girls to try out, and he finally narrowed it down to 20 after two cuts. Mr. Barry Rice worked the girls very hard for the up coming season. With work and enthusiasm on their side, they hope to put in a good year. Mr. Barry Rice said, "I think the team will do well. If they will all work together, they will put up one heck of a fight." The team has eight returning players which are seniors.

A bad shot for Joni Woodell during her practice after school.

With a look of determination in his eyes, Danny DeJarnette positions himself to return the on coming ball.

Performing an agility drill are Andy Peterson and Marvin Yuille.

Warming up at practice are Cindy Foster and Eric Peterson.

TENNIS

TENNIS TEAM: **Left to Right:** Danny DeJarnette, Joni Woodell, Andy Peterson, Cindy Foster, Eric Peterson, Robbie Putnam, Marvin Yuille.

Using the back-hand swing in tennis is Eric Peterson.

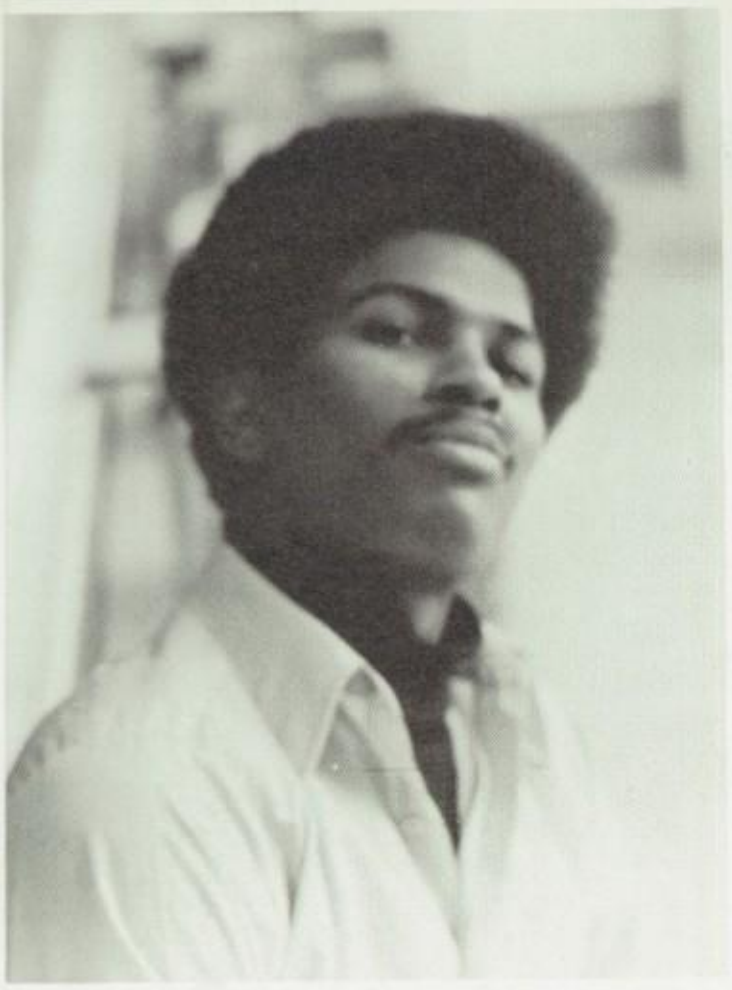
A new sport was added to WC's athletic program. Tennis courts were built last summer and Coach Alan Tibbs started a team. It was the first year tennis had ever been offered at William Campbell and also the first co-ed sport. Although the tennis team was new they were expected to do well.

The "General" Family . . .

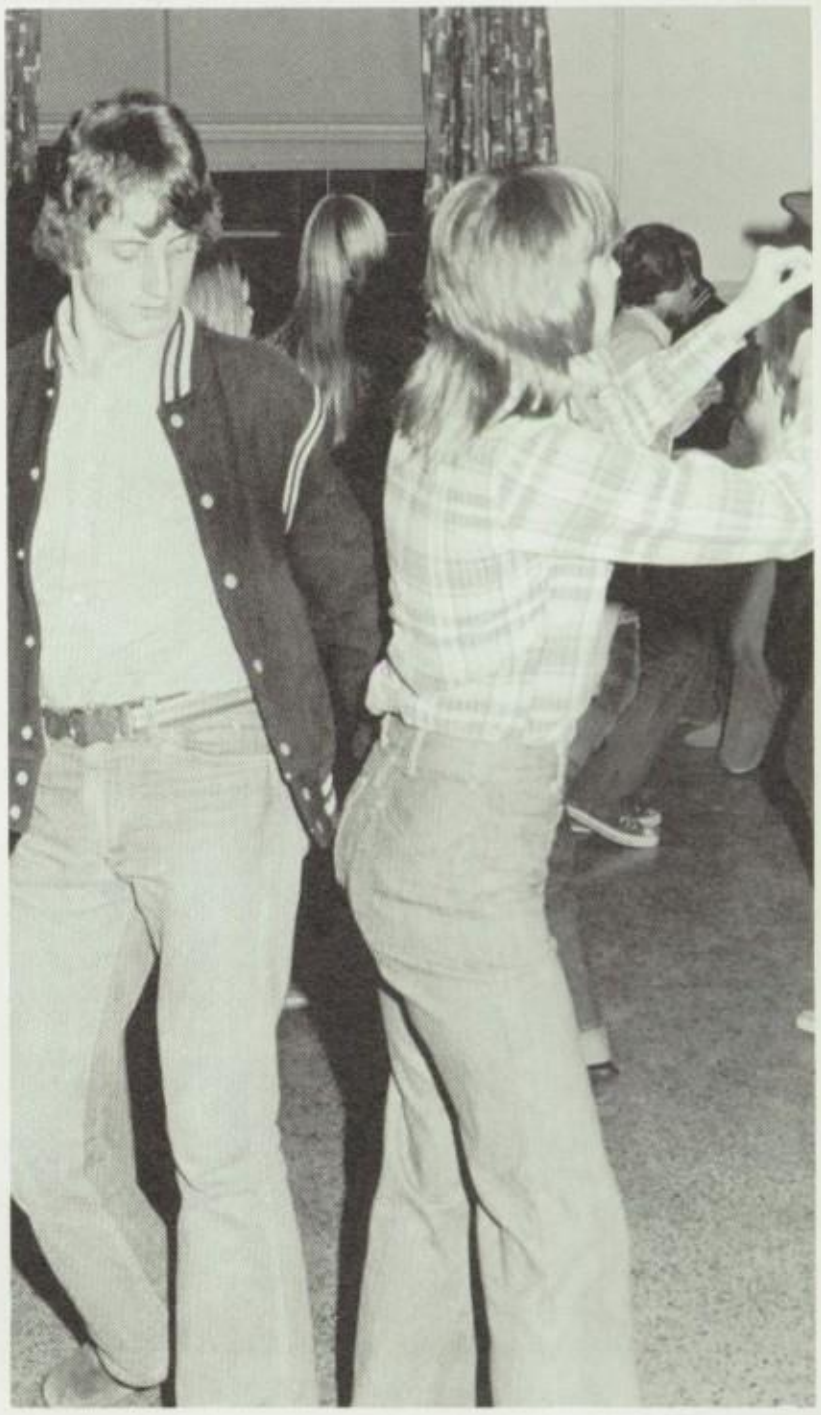
While Brenda Younger tries to make a candy sale to Sergeant Polk, Jethro Callaham gets in the way as usual.

Tenth grade students listen as Mr. Dennis Riddle talks about the new Vocational School which is scheduled to open next year.

. . . Everyone



"This is my best side", proclaims Tony Herndon.



As Sonny Dunkley and Deborah Crabtree get down on the "Bump," Sonny glances down to make sure their timing is right.

As the rain pours down at the game between WC and Gretna, Mark Britton and other band members go into the bandroom to dry out.

With the volleyball game finally over, Lucinda Adams along with volleyball players Rhonda Payne and Barbara Brogdon relax before going home.

Enjoying the free time during lunch, Brinda Clark and Dianne Pannell sit and watch as Doris Payne tries to catch up on some last minute homework.

Seniors Danny Fallen, Pete English, and Tommy English wait for Mr. James Hardison to unlock his homeroom door.

Nothing But Seniors

Senior Introduction

When a student first entered high school reaching the 12th grade seemed a long way off. Then zap, there he was at the top. Where had all the time gone? Since the eighth grade, his life style had changed a lot. He didn't hang around the same friends, his character and appearance had changed, more responsibilities and decisions landed on him.

The seniors of '76 were faced with the usual decision — what to do after school. Except for at a few senior class meetings, there was harmony among the students. The seniors were given a few special privileges as going to lunch early or selecting English electives first; other than that, they took each day as the underclassmen.

To sum it up, the senior was a member of a close-knit group. He reached one goal which was getting his diploma. Where he goes from here, he isn't always sure, yet it is all up to him; in other words he has to "sing his own song", whether it be off-key or with rhythm.

To catch up on the latest news, Genise Duke and Arlene Griffin listen to Kathy Elder tell her story.

Outstanding Seniors

Music

Cindy Foster

An active member in band, Cindy Foster led the Marching Generals during the football season. Being a drum majorette was only one of her accomplishments. She also played the flute in the past five musicals; in the last she served as Concert Mistress. Cindy was a cast member of "Out of the Frying Pan". Through these activities she proved that she was truly an outstanding senior in music.

Carolyn Britton

Carolyn Britton has participated in Choir for the past 5 years. Her choir participation reached further than just our school. She was also an All-County and All-Regional Choir member for two years. Carolyn was also a member of Girl's Ensemble and a cast member in 4 musicals. Her biggest achievement in the music field was competing in local, regional and state levels for the Bland Scholarship Music Award.

Sports

Lucinda Adams

Lucinda Adams is athletically inclined. She is a member of the Varsity Club, softball and basketball teams. She is also a member of outdoor, indoor, and cross country track teams. She participated in state and regional A.A.U., and local, state, and regional A.A.U. Championships.

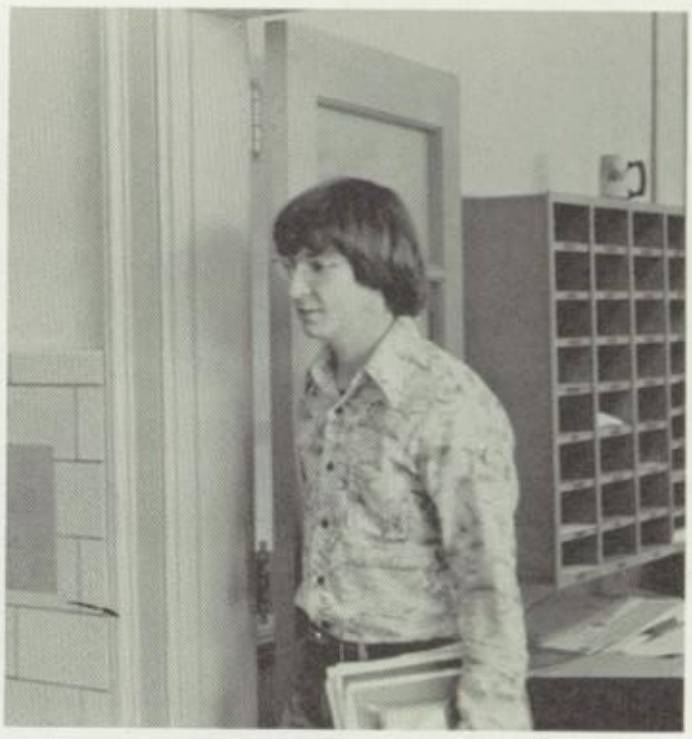
Buddy Garrett

Where there are sports, there is Buddy. He is a member of the Varsity Club. He has also played on the football, basketball and baseball teams. One of his hobbies is to play baseball during the summer.

Academics

Janet Hunt

Janet Hunt is the one to go to for help if you should need it. She is the valedictorian of her class, with the highest average of 124 students. She is also a member of the Beta Club. She won the Science Club's Grandprize for 2 consecutive years.



Jimmy Adams

Jimmy is one of the students at W.C. who always has his name on the principal's list. He is into many activities at school. He is a member of the Beta Club, Varsity Club, and played on the football team. He has many hobbies; his newest includes flying. In the near future he plans to attend Hampden-Sidney College.

Personality

Binnie Nash

Binnie Nash is the type of student who would go out of his way to help anybody. As well as being an all around student he has received honors in academics and in sports. He is a member of the Beta Club, Varsity Club, and F.F.A., where he serves as President. After graduation he plans to be a contract wood cutter.

Jeannie Stimpson

A friendly smile and happy disposition are common traits for Jeannie Stimpson. Second only to these is her school spirit, shown while captain of the Football Cheerleaders and scorekeeper of Boys Varsity Basketball. Displaying leadership and ability, she is President of the Senior Class and Co-editor of the Yearbook.

Louise Nowlin

Louise Nowlin is an outgoing, amiable person. Whatever she decides to do, she's determined to go through with it. Determination is an asset needed when you are President of the S.C.A., a basketball cheerleader, and a member of the softball team.

SCA

Spirit of '76 was S.C.A.'s chosen theme for two main reasons. The first obvious reason was that the school term happened to coincide with the Nation's Bicentennial. The S.C.A.'s second reason was that they wished to arouse "the ole" school spirit, by getting the school involved.

Among other things, S.C.A. sold General jackets, sponsored dances, and was in charge of the Homecoming half-time performance. There were considerably fewer assemblies, but this was made up for by new activities such as the Sweetheart Dance and the Yearbook Signing Day. The S.C.A. officers, along with some homeroom representatives had the privilege of traveling to Amherst School for an S.C.A. Regional Meeting. There they gained insights on the duties of the S.C.A. and heard new ideas.

THE S.C.A. OFFICERS — Robin Burnette, Barbara Nowlin, Cynthia Clark, Louise Nowlin, Debra Cunningham, Mike Gowen and Mr. Jerry Smith, sponsor, discuss plans for the Sweetheart Dance.

Often there were decisions that homeroom classes had to make. Since it wasn't possible for every student to voice his opinion, homeroom representatives were elected for that purpose. They conducted elections for Homecoming Court representatives, handled picture money, and any other business that confronted the class.

Anyone that lettered in a Varsity Sport could join the Varsity Club. Varsity club didn't do too much this year but you did get a really tough looking jacket.

Library and Projectionist Club

There were some students found working in the library during their study hall or in the morning. Those students were members of the Library and Projectionist Club. The girls helped put up books and assisted in checking them out at the desk. The boys took projectors and other equipment to teachers and demonstrated how to operate them.

LIBRARY & PROJECTIONISTS CLUB — **Front Row:** Vivian Bennett, Terry King. **Second Row:** Karen Harper, Bonnie McHaney, Janet Hunt, James Payne. **Third Row:** Sandra Jones, Diane Dews, Jeanne Marshall. **Back Row:** Mrs. Carolyn Lusardi, sponsor; Barney Enoch, Rayford Jordan, Bobby Miller, Joseph Millner, William Anderson, Mrs. Hazel Bennett, co-sponsor.

Since clubs had to meet either before or after school, FBLA had to hustle to recruit members. The placed posters around the school and made booklets telling why one should join the club. During the year, they invited guest speakers from business, served refreshments at a couple of meetings, planned special activities for FBLA week and went to the Regional convention at Longwood College.

Guest speaker for FBLA club's first meeting, Mr. Joseph Berryman, Director of Vocational Education, speaks on the new vocational school that will open this fall.

Mixed Chorus

Getting the community into the Christmas spirit, the chorus presents a selection of the holiday songs in the school's gym.

Concert Band

A main attraction at concerts was the WC Concert Band. The band was composed of 105 members. The concert band had night rehearsals to insure a good performance. As a participant at Festival, the band received ratings of II, III, and IV, two meaning excellent, three good and four fair.

The band plays a collection of songs at the Christmas Concert under the direction of C. Edwin Temples.

Ensemble

The William Campbell Ensemble performs their songs for the Christmas concert.

Performing for parties, entertaining small children at Christmas and singing for the student body were among the many things the W.C. Ensemble did. The Ensemble was an extra-curricular group supervised by Mr. Edwin Temples. Chorus was taught in two sections. One was taught during second period, the other was held twice a week before school. Both groups were open to any student that had the time and ability to put in it.

Annual Staff

It was a lot of work trying to publish a yearbook that captures the school year and satisfies the students as well. Inflation hit the annual staff. With prices high, but ad and yearbook sales low, the staff had to do various things to raise money. There were times when members stayed after school to work in order to meet the deadlines. With a lot of rechecking, rewriting, and typing, they finally made it.

This club was no longer exclusively for girls; there was one male member. Money making projects for the year consisted of a bake sale and the selling of cups.

The W.C. newspaper "The Command Post" was a team effort by Mr. Vernon Keesee's second period journalism class. The paper supplied most of the news and told us what was happening around the school.

Every week Journalism puts out a newspaper named "The Command Post". Robin Burnette sells one to Jay Guthrie for ten cents.

Debate Team

Debate improved the members research ability and helped them to form more sound opinions of particular subjects. In order for the team to work smoothly, they had to find true, unfaultering facts. That called for a lot of work. The team held some practice debates after school, which helped them to know what they were up against. After all work was done the members got together and learned from each other.

DEBATE TEAM — **Front Row:** Pete Torrents, Brandon Scott, Mike Gowen, Randy Morris. **Back Row:** Mrs. Drucilla Green, sponsor; Carolyn Britton, Mandy Morris, Liz Torrents, Bonnie McHaney.

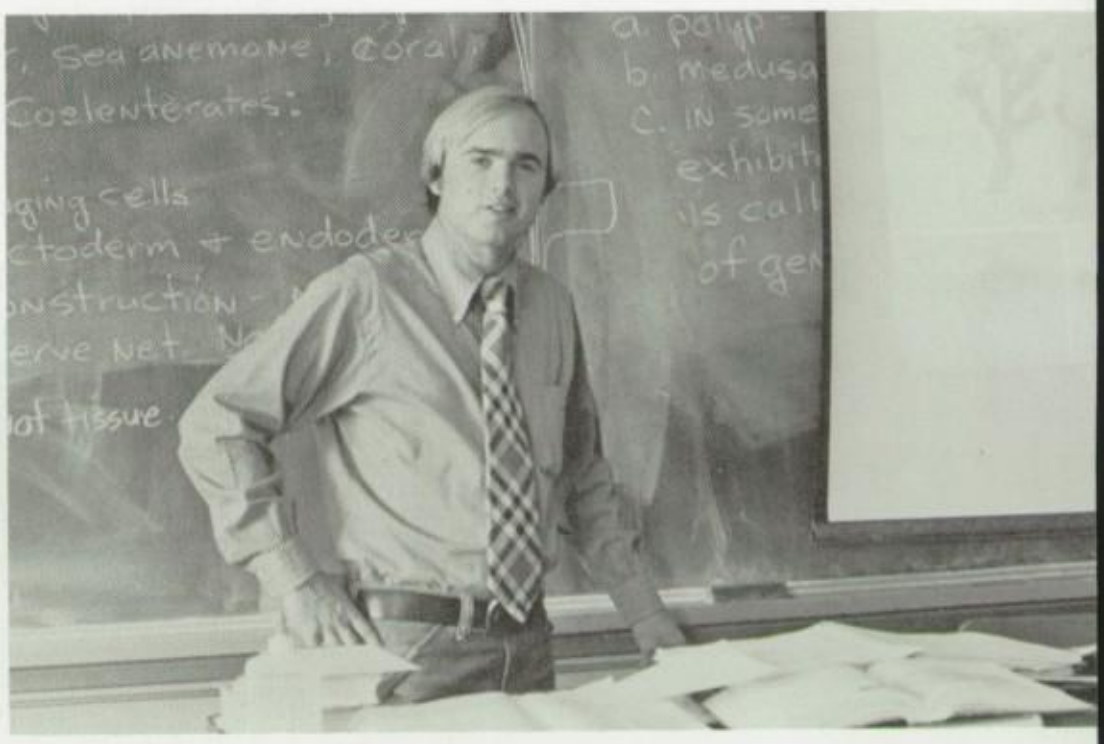
Faculty

Over the years, the school's faculty has grown from 16 members in 1951 to 49 members in 1976. Three teachers have remained at WC since it first opened. They are Mrs. Dorothy Fore, Mr. George Goodman, and Mrs. Christine Crabtree.

Besides teaching classes, teachers may also sponsor clubs and other extracurricular activities, or may be active in the community. Whatever a teacher does and whether the year is 1951 or 1976, one of his major concerns is the well-being of the student body.

Wet and miserable after the W.C. and Gretna football game, Mr. Edwin Temples makes it clear that he doesn't want his picture taken.

As Mr. James Peak searches among the files, Mr. Clarence Vaughn attempts to answer a student's question.



With the cameraman giving the new teacher a hard time, Mr. Barry Rice finally poses before continuing with the teaching of his biology class.

Football coach, Mr. Ronnie Cox, observes as the team plays.

Not quite sure what to do, Mrs. Emily Wallace receives help from Mrs. Betty Jennings.

Along with her teaching career, Mrs. Lottie Perrow finds time to sell lunch tickets.

OVER THE YEARS .....

Not only the students, but the teachers play an important role in the development of the school's history. A few have been here since school first opened, then there are those who once were students and returned to WC to teach others. One advantage of having a small school is that the teachers get to know the student as an individual. Often this means a lot to a student. Who would have thought that James Peak, student, would someday become Mr. James Peak, HUH?

There are only three teachers who have been at W.C. since it has been officially open. Who would know more about the changes of the school than one who has grown with it over the years? On March 3, some members of the annual interviewed Mrs. Fore, who has taught Latin, Art, and English at W.C. at one time or another. Presently she is teaching General Math 9 and Algebra I.

Question: How long have you been teaching at W.C. and how did you get the job?

Answer: I have been teaching here ever since the school first opened. I taught at Gladys and at Brookneal, so when the high schools were consolidated, I was assigned to W.C.H.S.

Question: How has the school changed over the years?

Answer: I don't compare from year to year; I only take them as they come. There have been some additions to the building since I have been here. For example, Mr. Baker's present room was one of these and it was added as the music room. The annex was the elementary school. Fashions have changed. During those first years, the girls wore long skirts that almost came to the top of their bobbysocks.

Question: Has the student-teacher relationship changed?

Answer: I don't think it has changed so much. To me there has always been pretty good student-teacher relationship at W.C.

Question: What do you think of the students attitude toward school?

Answer: I think most students have a good attitude toward school. As the student advances grade wise and matures, I think he generally takes a more serious attitude toward his school work. As for some of my ninth graders, they come in and say, "Aw, Mrs. Fore, all you believe in is work, work, work."

Question: What do you think of this year with the Bicentennial upon us?

Answer: Since I'm a member of the Education Committee, a committee of The Brookneal Bicentennial Commission, I will be working with programs to get students involved in this celebration and this will be a good year for America.

During an interview with Mrs. Dorothy Fore, Letha Moore discovers the fact that Mrs. Dorothy Fore has been teaching at WC since it opened.

Singing "A Room in Bloomsbury" to Ricky Fisher is Tamera Mason.

Preparations for the Spring Musical began the last of January. The production was entitled "The Boyfriend". It involved 86 student body members. The WC "Bearcats" served as the pit band for the musical. Authentic costumes kept everything together with the 1920's theme.

A former student, Thomas Nowlin paints while the musical cast members have their break.

While singing "Nicer In Nice", Angie Blanks receives an intense look from Roger Fitzgerald.

BOYFRIEND "

The cast performs "The Rivera" during a musical rehearsal.

At rehearsal, Mr. Edwin Temples, helps the Bearcats get their rhythm together.

Just one of many musical numbers Debbie Fisher performs with "the boys" in the song "Safety In Numbers".

LOOKING BACK

One of the biology students, Boo Younger, holds a dog fish shark for the photographer.

Sitting in class Donna Wade remembers the good times she has had in the past year.

As a fun raising project, the Junior class sold cushions. Bertha Guthrie shows one of the selections.

Miss Amelia Talley and six of her students traveled to Longwood College to participate in the program "Mathematics for Fun and Profit". **Front Row:** Miss Amelia Talley. **Back Row:** Carolyn Britton, Janet Hunt, Dawn Roakes, Joy Marshall, Lucinda Adams, Letha Moore.

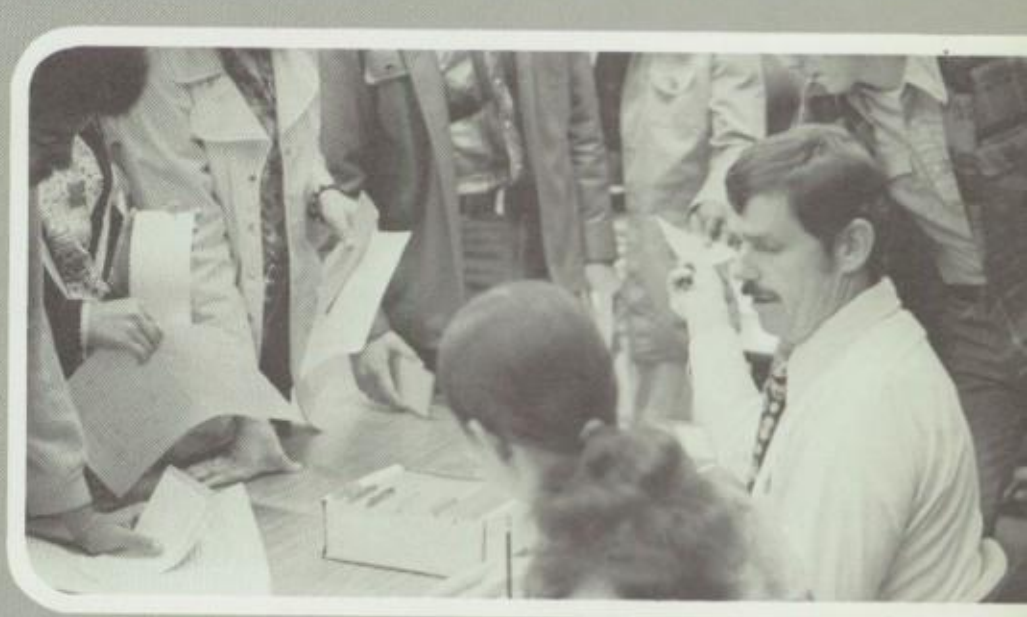
LOOKING AHEAD

Underclassmen go to Mrs. Patricia Davidson to sign up for their English classes for the coming year.

Mr. James Peak talks to Mr. James Puckette about the new way of scheduling for classes.

In charge of the Art and Band enrollment, Mr. Edwin Temples and Mrs. Barbara Clark instruct Theodore Yuille on classes offered next year.

Oh, brother, another year of classes! Boo Younger plans next year's schedule by signing up with Mr. Elliott Davis.



As schedules were made out for next year, Mr. Danny DeJarnette gets the help of Carol Trent to write down the names.

BITS AND PIECES

WRAPPING IT ALL UP

It's difficult to comprise 25 years of school history in one year, and at the same time reflect on what's happening around us at the present. To look back over this year it was in many ways like the others, it was also different. Certainly, the coming of the Bicentennial added flare to this year, something the other school years couldn't boast about. To some, the Bicentennial is a bit over emphasized because of all the advertising. But on the other hand, why not? The Bicentennial comes only once in a person's life time and only once in a nation's history. One should be proud to be able to celebrate the nation's 200th birthday. The students of WC not only have the Bicentennial to celebrate but also the school's 25th anniversary.

Each year has its own songs, fads, superstars and problems, and this year was no exception. But to look back at the school 25 years ago, it seems like a totally different world. The building, fashions, and rules have continued to change over the years. Trends, faculty, and some students have come and gone; however, one objective has remained the same. That objective is to "live and learn", in other words, to turn out students who have a healthy outlook on life. For when the student leaves WC, it undoubtedly becomes a part of him.

To know the underlying facts of the past can be profitable, yet, it would be a mistake to dwell on them. What's more important is what one is doing now, his accomplishments, and learning from his mistakes. Closing with the theme hopefully makes it all clear — Pride in the past; living the present.

A Lynchburg Success Story

Since its founding in Lynchburg in 1955, First Colony Life Insurance Company has grown rapidly, at a rate that has even exceeded its founders greatest expectations.

Today First Colony ranks ahead of 90% of the more than 1,800 life insurance companies in the country in terms of life insurance in force with over $1.9 billion of life insurance. Its assets (GAAP) are over 100 million and net worth exceeds $50 million.

Originally a localized company, First Colony today serves the entire nation with regional offices in Los Angeles and Kansas City and an insurance subsidiary in New York. National headquarters remain in Lynchburg.

First Colony Life joins your families and friends in congratulating the Class of 1975 for the successful completion of this important milestone in your lives and wishes you the best of luck in the years ahead.
